Coolidge Seeks New Attorney General Second Time In Year

Harlan F. Stone Will Vacate Position to Succeed McKenna, Resigned

HIGHEST JUDICIAL HONOR

Resignation of Associate Justice Was Expected and President Was Ready

Washington, D. C.—President Coolidge Tuesday for the second time within a year set about finding a new Attorney general, Harlan F. Stone of New York, selected as head of the department of justice nine months ago after the retirement of Harry M. Daugherty, was given appointment Monday by the president of the supreme court—considered by the legal fraternity generally as the highest honor within its reach.

The nomination of Mr. Stone was sent to the senate within a few hours after the vacancy on the highest court was created through the retirement of Associate Justice Joseph McKenna, who himself was appointed to the court from the attorney generalship 27 years ago by President Mc Kinley.

The desire of Justice McKenna to leave the court was communicated to the president several weks ago, and accordingly the formal announcement of his retirement was followed by quick action at the White House. The executive evidently had discussed the matter previously with Mr Stone, but the final conference was not held until Monday afternoon. An hour later the nomination of Mr. Stone was sent to the senate and was referred by that body to its judiciary committee in accordance with custom

QUICK ACTION REQUIRED

While Mr Stone will not leave the department of justice until his nomination is confirmed by the senate, usually in such cases a matter of routine, thought must be given immediately by Mr. Coolidge to the appointment of a successor. All indications of an official nature are that he has not even reached any preliminary conclusions, but immediately after the appointment of Mr Stone was announced a dozen names were being mentioned in connection with the office.

Among these were some of those mentioned at the time Mr. Coolidge was seeking a successor to Mr Daugherty, including Arthur P. Rugg, chief justice of the supreme judicial court of Massachusetts Judge Frank S. Dietrich of Idaho, and Charles B. Warren, former ambassador to Japan and joint head of the special American commission to Mexico.

The immediate speculation also included the possibility of promotion of James M. Beck, now solicitor general and who will become acting attorney general upon the retirement of Mr. Stone and of the transfer of Curtis D. Wilbur, former chief justice of the Supreme court of California from the secretaryship of the navy to the department of justice

The President decided upon Mr. Stone in making his first appointment to the supreme court because of his confidence in the attorney general, born long acquaintance, starting with the time they were collegemates at Amherst. His belief that the attorney general was eminently fitted by education, experience and temperament for the work of the nation's highest court and his satisfaction with his work as attorney general in the nine months he has been in the cabinet.

NAVY DEPARTMENT PLANS BUSY SEASON FOR GIANT AIRSHIPS AT LAKEHURST

Washigton, D. C.—A busy six months has been mapped out by the navy department for the air liner Los Angeles, with flights that will take her to the Caribbean sea district and either to Europe or Honolulu, while, beginning in March, her naval sister, the Shenandoah will have a scarcely less active time of it.

A schedule for the two dirigibles, drawn up by the department, with the tender Patoka to be used as the mooring ship in the flights, will send the Los Angeles on a flight from her Lakehurst hangar to Bermuda the latter part of February. Flights to San Juan, Porto Rico and the Canal Zone will follow in the next three months Decision between Europe and Honolulu will be reached in the meantime for the long flight to be undertaken in May or June.

SEEK CLEWS TO HAHNE SLAYING IN STRONG BOX

Officials Expect Important Developments When Safe Deposit Box Is Opened

Omaha, Nebr.—The contents of a safety deposit box in a local bank, expected to be opened by an administrator of her estate to be appointed probably Tuesday by county Judge Bryce Crawford, will, in the opinion of officers, have an important bearing on the investigation of the murder last Friday of Mrs. Mae Hahne for which her husband, J. Warren Hahne, wealthy contractor and real estate man, is being held.

The box is known to contain a deed to a cemetery lot in Colorado, where Mrs Hahne is to be buried, and police also believe that in it will be found the $2 000 worth of diamonds belonging to the slain woman, and which have been missing since her death Hahne claims these were stolen by an unidentified person who he claims killed his wife

In addition to the jewels, police also hope to find in the safety box the diary of the murdered woman. She is reported to have kept a close record of her life and is said to have been very sensitive. With a record of her feelings for some time prior to the murder, police say they expect to establish whether she had enemies whom she feared and whether there were domestic difficulties between the Hahnes.

KANSAS COURT GRANTS UNIVERSITY HEAD STAY

Topeka, Kas.—The state supreme court Tuesday granted a temporary stay to Chancellor E. H Lindley of University of Kansas permitting him to retain his office until it may hear and decide his appeal from the judgment of the Douglas-co District court

Procrastination

A man can't do his work well when he is always thinking how much better he could do it at another time. When he prefers to defer, he can't brag about his purpose of the the past or his success of the present.

Putting off duties means putting on difficulties, and you gather snares from nonsowing as well as tares from evil sowing — you must reap in either event.

When you postpone, you put a brake on progress. Give procrastination today and it will steal tomorrow from you.

ENGINE HITS CAR; 1 HURT, 2 ESCAPE

Eau Claire—Two men were pinned to the pilot of the locomotive, one carried 60 feet and dropped uninjured, and the other carried 1,000 feet when a Minneapolis, St. Paul and Sault Ste. Marie freight engine crashed into a light coupe driven by Montell Solvrud near Thorp Monday night. Solvrud, the third member of the party in the machine was thrown clear of the wreckage and was not hurt.

Chet Crowley of Eau Claire, who clung to the front part of the engine until the train was stopped, is in a hospital here suffering from internal injuries, the seriousness of which has not yet been determined. J. F. Murray, who was carried along for about 60 feet dropped beside the right of way without a bruise or scratch.

LAWMAKERS OF ILLINOIS PLAN NEW MEASURES

Congress Delegation Decides Unanimously to Support Chicago Drainage Campaign

By Associated Press

Washington, D. C. — The Illinois delegation in congress was prepared Tuesday to support as a unit any measures taken in connection with Chicago's drainage problem as affected by the supreme court decision which are considered to the best advantage of the state as a whole.

Immediately after the court handed down its decision affirming the district court order restraining the Chicago sanitary district from withdrawing more water from Lake Michigan than allowed by the secretary of war, members of the state delegation went into conference to consider the situation. Agreement to work together for the best interest of the state as a whole was voted unanimously.

In another resolution Representative Madden was authorized to invite into conference such persons as he might consider helpful in the situation.

Meanwhile some members were urging speedy consideration by the rivers and harbors committee of pending legislation to deal with the problem

ALUMINUM FIRM PLANS BIG BONUS

Employes of Manitowoc and Two Rivers Industry Will Get $170,000

By Associated Press

Manitowoc—Employes of the Aluminum Goods Manufacturing Co., in this city and Two Rivers are to share in a bonus fund of approximately $170,000 to be paid by the company on Jan 10 Details of the plan are being closed and every man, woman and child in employ of the big industry for one year or more continuously, leave of absence and sickness excepted, will share in the big fund.

This announcement made at the company's offices of the biggest distribution of bonus money ever made in Manitowoc, came as a complete surprise The bonus is in addition to the $30,000 which the goods company gave to its employes at Christmas when every employe received the gift of two days' pay.

The bonus fund to be paid Jan. 10 will be apportioned upon the basis of 5 per cent of the yearly compensation of every employe sharing in the distribution, upon the 1924 payroll of the company. For some time past work in preparation of the bonus lists has been going on and with the announcement the work is being closed so that checks can be issued on the date scheduled.

MEANS PLAYING ILL TO ESCAPE TRIAL, CHARGE

Judge Issues Order to Compel Former Counsel to Appear Before Him

By Associated Press

New York—Gaston B. Means, former department of justice agent, is feigning illness to avoid trial on a charge of conspiracy to obstruct justice, Federal Judge Lindley of Illinois was told Tuesday by special Assistant United States Attorney Todd.

Todd told the court that government operatives had called on Means at his home in Concord, N. C., Monday night and had reported to him that the former government agent apparently was in good health despite the telegraphic statement of a Concord physician Monday that Means was seriously ill and in need of an immediate operation.

At Todd's request, Judge Lindley issued an order to compel Joan T McGovern, Means' former counsel, to appear before him He already has issued a warrant for the arrest of Means and has under consideration a motion to declare forfeited his $10,000 bond.

Means was to have gone to trial Monday with Thomas B. Felder, his one time attorney, and Elmer W Jarnecke, his secretary, charged with having accepted $65,000 from officers of the Altoona Glass Casket Co, which they said they intended to pay former Attorney General Daugherty and other government officials not to interfere with the concern's stock sales.

Jarnecke changed his plea to guilty Monday and Judge Lindley now is considering a motion to grant Felder a separate trial.

FRESH CLEW QUASHES THEORY OF SUICIDE

By Associated Press

Cedar Rapids, Ia.—Another bullet hole was found in the clothing of Armstrong J. Schrader, Milwaukee railroad man whose body was found in a vacant lot near his estranged wife's home on New Year's day. The discovery was made by County Attorney Walter J Barngrover in looking over the clothes of the dead man Monday night. The hole was in the right sleeve of the overcoat.

This precludes the possibility of suicide, Barngrover said. Forthwith subpenas were issued for all witnesses to appear before the grand jury.

FARMERS ASK SAME CHANCE AS BUSINESS

Agriculturists Want Only Sympathetic Administration of Existing Laws

BOOST MARKETING SYSTEM

Cooperatives Tackle Agriculture from Viewpoint of Practical Businsss

BY DAVID LAWRENCE

Copyright 1925 by the Post Pub. Co.

Washington, D. C. — Agriculture wants no special favors and no privileges that any other class of businessmen or producers enjoy but simply a sympathetic administration of the laws now on the statute books.

This is the outsanding thought in the minds of most of the leaders meeting here this week in the annual session of the National Council of Farmers Cooperative Marketing association. Coincident with this meeting is that of the agricultural commission named by President Coolidge to devise ways and means to aid agriculture. If the latter listens to the cooperatives, there will be a campaign of intensive education to make the present laws more effective and to organize the farmers to solve their own problems

The cooperatives meeting here represent more than a million farmers in about forty states The delegates constitute the presidents, general managers and active workers in the various cooperative marketing associations Wheat, corn, livestock, fruits, cotton, in fact every phase of agriculture is involved, and every crop even to grass seed The delegates meet primarily to exchange ideas about their common problems to relate experiences and to strengthen the cooperative idea. When the conclusions are reached after thorough discussion they will be presented to all concerned—the department of agriculture congressional committees, the agricultural commission and the President of the United States

Judge R W Bingham of Louisville, chairman of the council, who opened the Monday meeting pointed out that the cooperative marketing plan already had survived all sorts of financial distress and was making real headway He criticized Henry Ford for attacking the cooperative movement.

Carl Williams, of the Oklahoma Stockman, Oklahoma City, who is vice chairman of the council, said the real test in cooperative marketing was in educating the farmer as to how the cooperative plan really works and he emphasized that cooperative marketing does not merely benefit the members of a cooperative association but all farmers regardless of their membership in organizations of this kind

Former Governor Lowden of Illinois revealed some of the perplexities of agriculture which it is the hope of the cooperatives to solve. He referred to the increase in value of the principal farm crops of approximately three quarters of a billion dollars last year.

The basic and fundamental fact about the cooperatives is that they are tackling agriculture from the viewpoint of practical economics and business and not theory. Their meeting is one of the most important things that has happened here in connection with the whole agricultural problem, and they have the respect and sympathy of President Coolidge who has been watching their work closely

Postal Pay Increase Is Direct Issue In Senate

By Associated Press

Washington, D. C.—President Coolidge's veto of the postal pay increase bill was a direct issue Tuesday in the senate, with administration leaders apparently holding sufficient strength to sustain it. A test on the question came Monday night when two more than the necessary one third of the total vote to prevent an overriding of the veto were mustered in favor of a motion to recommit the bill to the post office committee The motion was lost, 30 to 52.

Friends of President Coolidge insisted that they not only would be able to hold their full strength on the veto that must come Tuesday by 4 P. M but that they would draw some votes from those opposing the motion to send the bill back to the committee. As soon as this veto has been taken, Muscle Shoals automatically will become again the unfinished business and the administration measure combining the pay increase with a raise in postal rates must take its chance on the calendar with other general legislation. There are three predictions that it will fail of passage at this session.

There was a rending of Republican lines on the test vote Monday night. Such leaders as Jones of Washington, party whip, and Reed of Pennsylvania, Wadsworth of New York, and Edge of New Jersey refused to go along with the president. Only one Democrat, Dial South Carolina—joined with the 29 Republicans who sought to prevent the veto from coming to a straight-out test.

Opening the debate today Senator Walsh, Democrat of Massachusetts, argued the increase in salaries was necessary to give postal employes a living wage and cited statutes showing that increases had been given employes of almost every other department of the government.

Rasey Charges Board Plays Politics As He Resigns As Principal

Head of High School Declares Animosities Dictated Board Action

POINTS TO HIS RECORD

City School System Endangered by Attitude of Board of Education

Lee C. Rasey resigned as principal of Appleton high school Monday evening. The resignation was presented to the board of education following the election of Ben J. Rohan as city superintendent of schools for the next two years.

Motives for the resignation, according to Mr Rasey, were "the introduction of politics, the introduction of undignified and unfair methods and the attempt at minority control for reasons which are largely personal and vindictive"

Reorganization of the teachers and texts committee recently he regarded as an example of political maneuver. An air of secrecy, he said pervaded school board procedure Vindictive methods have been used to discredit him, he charged, and a wrong attitude has been taken by the new board members against the old members

POINTS TO HIS WORK

While not desiring to be regarded as taking the defensive, Mr. Rasey pointed to some of his accomplishments during his four years as high school principal and quoted testimonials in his favor by the state superintendent of schools and by the former board of education

"There can be no immediate remedy," he concluded, after commenting on tactics he said were used to defeat his election "the evil has been done, and for a long time to come the schools of Appleton will suffer as a result." He said further it is efforts of this nature that do more than anything to drive educators into other fields of endeavor. "In justice to my own future welfare," he declared, "I have decided to have no further part in this matter." Mr. Rasey's resignation is to take effect at the expiration of his present contract.

No action was taken by the board of education on the resignation. Immediately after its reading, George H Packard moved to adjourn and with the second by Fred R Morris the motion became undebatable No comments were made at the meeting, but after adjournment members gathered in groups to discuss the precipitous turn of events Mr Rasey did not attend the meeting, but was informed of the board's action on the superintendency early in the evening

Following is Mr. Rasey's resignation in full:

"I wish to make a statement which will clarify the issue so far as I am concerned in this board of education dispute The problem involved is not primarily that of a choice between two men. The actual issue is more important. It is the introduction of politics in the bad sense of the word, the introduction of undignified and unfair methods, the attempt at minority control for reasons which are largely personal and vindictive. So far as I am concerned, I shall have no part in school activities which necessitate any

Second District Principal Elected Superintendent by 5 to 4 Vote

CUT EXECUTIVE SALARIES

Legality of Election of Superintendent at This Time It Questioned

B J. Rohan, present principal of the Second school district of Appleton, was elected city superintendent of schools for a term of two years at a special meeting of the board of education at the high school Monday evening. He was chosen for this position after a motion to elect Lee C. Rasey had been defeated. Mr. Rasey then resigned as principal of Appleton high school.

The vote on both motions was relatively the same; namely, 5 to 4 with Mayor John Goodland, Dr. Charles Reinek, George H. Packard, Fred R. Morris and Joseph Maver supporting the election of Mr. Rohan and opposing Mr Rasey, and William J. Kreiss, A. S Galpin Axel Fahlstrom and John E Hantschel differing with the foregoing members on both questions

DRAMATIC MEETING

Election of Mr. Rohan brought to a climax a storm which had been fermenting for a half year but only recently showed signs of breaking. The meeting was one of the most dramatic in the history of Appleton's school administration. While there was but little display of oratorical pyrotechnics and heated debate, each moment was tense with emotion, and every member seemed to be laboring under a severe strain. Even when the discussion was outwardly calm, a noticeable tremor ran through the speeches of those who took part in it.

According to one of their number, each member came to the meeting with full knowledge of all that was to occur. Just how the vote on the major questions would result was a foregone conclusion. There remained only the burdensome task of going through the formality of listening to the report of a committee and acting upon it.

CHARGE POLITICS

Statements accusing the other of "playing politics" fell often from the lips of members of both factions. John Hantschel, who revoked his signature on the committee's report and voted for Mr Rasey, accused persons on the outside of political lobbying.

"I have been in hell the last few days," he said "I have been interviewed and reinterviewed and threatened without ceasing. I should think that this board ought to be big enough to act without regard to pressure from without. I voted for Mr. Rasey, but since Mr. Rohan is elected, I should like, if I'm in order, to move that we make the motion unanimous."

CHALLENGE LEGALITY

The legality of the election of Mr. Rohan, however, and that of all other business transacted with respect to the engaging of a superintendent was challenged by Mr. Kreiss. He asserted that the board had on authority whatever to elect a city superintendent except at the annual meeting in June and that no action could be taken during the term of the present superintendent, Miss Carrie E Morgan When Mr. Packard said that he had Miss Morgan's resignation in his pocket, Mr Kreiss replied that the resignation had never been tendered to the board and had never been acted upon.

SALARIES ARE CUT

Great reduction in salaries of administrative officers were ordered by the board But in each case, the salary voted upon was slightly higher than the average paid by the larger cities of the state, according to a report of the committee The salary of superintendent was fixed at $4,500 a year, which is $300 a year less than Mr. Rasey is earning as high chool principal. The salary of high school principal was set at $3,700 Salaries of junior high school principals were established at $3 300, whereas the compensation now received by the four district principals ranges from $3,300 to $4 000 a year

The fight for reduction of salaries was led by Mayor Goodland who said that with the establishment of junior high schools the school taxes had become entirely out of proportion to the tax for general city purposes.

Following the usual preliminary business after roll call, the board pro-

ROHAN ELECTED HEAD OF SCHOOL SYSTEM IN CITY

Second District Principal Given Position After Bitter Fight

ceeded to the transaction of unfinished business, and the report of the teachers and text committee on school administration was asked for

COMMITTEE REPORTS

The committee which consists of George H. Packard, chairman, Mayor Goodland, Mr. Morris, Mr. Hantschel and Dr Reineck, reported unanimously the salary schedule mentioned, and recommended the election of Mr Rohan as superintendent for two years, but made no recommendations with reference to the suitable persons for the other administrative offices The matter of choosing a supervisor of grades, or asistant superintendent, was recommended to be held in abeyance until the March meeting at which time the superintendent would be asked to submit a program of school supervision.

In defining the duties of a city superintendent of schools, Mr Packard merely read the statutes covering that subject, such as pertaining to the examination and licensing of teachers, supervising the courses of study, superintending the professional work, reporting regularly to the board on adoption of textbook, employment of teachers, enforcement of discipline.

AWAIT LEGAL OPINION

After the committee report was received and placed on file the recommendations were adopted item by item. When Mr. Kreiss challenged the legality of accepting a part of the report, the board voted to withhold entering into contract with Mr Rohan until it has had a legal opinion on the entire matter from A. C. Bosser, city attorey. The resignation of Miss Morgan was not read, and consequently no action was taken on that subject either.

In taking up the report of the board first adopted that portion with respect to the duties of a superintendent. The next item was the recommendation of Mr. Rohan for a two year term as superintendent with a salary of $375 a month.

Mr. Kreiss immediately moved the election of Mr. Rasey at a salary of $4,800 a year. He said that he assumed that Mr. Rasey would be elected; therefore, he did not see cause for reducing his salary from $4,800 to $4,500, especially since the position of superintendent is superior to that of high school principal.

MAYOR HAS VOTE

Mayor Goodland asked if he wished to separate his motion and have the board vote on the salary and election separately. Mr. Kreiss declined, and his motion was lost. Previous to this motion the mayor asked if it was understood that he would be permitted to vote in the matter, or whether he should vote only in case of a tie. The concensus of opinion was that he had a right to vote on all matters. He then asked if in the case of a tie vote, with one or three members absent, he would be permitted to vote twice, first as a member of the school board, and secondly as chairman to break the tie. The members conceded him only one vote

"Well, then let me say a few things before we vote on this matter," he said "I have been accused of almost everything, but will say now, and I defy contradiction, that I have not advised any member as to whom they should vote for. When I was elected I knew neither Mr. Rohan nor Mr. Rasey personally Later Mr. Rasey came into my office and told me this was his last year in school work and that he was going into business

TALKS ABOUT TAXES

"I represent the taxpayers of Appleton, and I want them to know that while I m mayor, I will fight for their interests and not for those of any other person"

He submitted a comparison of the city and school taxes of 1923 with those of 1924, showing that the school taxes now exceed the tax for general city purposes. He read the report on average salaries in the state on school officers, which were $4,377 for superintendent, $3 561 for high school principal and $2,583 for junior high school principal "I want to go on record," he said, "as opposed to giving anybody a salary higher than the average"

After the motion to elect Mr. Rasey was defeated Mr Kriess asked to have the motion separated, as he believed that some of the members had either misunderstood it or had been influenced by the mayor by his opposition to high salaries, but the request was refused.

When Mr. Packard offered a motion to elect Mr Rohan superintendent, Mr. Kries attempter to amend the motion by substituting the name of Mr. Rasey to be elected as a salary of $4,500 a year. Mr Packard rose to a point of order maintaining that the motion could not be amended to change the entire sense of the original motion. Mr. Kriess objected on the ground that he was offering an entire substitute motion. The mayor ruled Mr. Kriess out of order.

KEEPS OUT DELEGATION

At this point Mr. Kriess announced that a delegation was waiting in the hall asking for permission to submit a communication The mayor said that, not knowing what it was about, he would not give the permission unless the board desired it. Mr Packard objected to receiving the delegation, saying that he knew what it was about.

In the debate that ensued between Mr. Packard and Mr. Kriess the former said that it was a delegation of a meeting of the First ward parent-teachers association which had been hastily called together with the express purpose of taking a vote on the superintendency and to bring pressure to bear upon the board of education.

He said this was only an example of all the means used to influence the members of the board Petitions for Mr. Rasey's election had ben circulated among the teachers of the high school and also among the high school students. "They could have carried it on further and have every kid in the kindergarten to sign it." he said. "Any one could have gotten signatures for one or the other. My boy signed the petition. I have been buttonholed by everybody myself, and on Friday evening I was called to a meeting called by the president of the Rotary club where I was taken to task for my attitude."

After the vote on election of Mr Rohan, the legality of the election was challenged by Mr Kreiss, who said that the board could not elect a superintendent at this time, and began reading from the city special charter.

"I want to ask Mr Kreiss," said Dr Reineck, "if he knew the law at the time he made the motions to elect Mr. Rasey"

HOT ARGUMENTS

He admitted he had, but when asked by the mayor if he had not decided to keep silent on the subject in case Mr Rasey had been elected, he denied the question. Mr. Packard accused Mr. Kreiss of playing politics, and when he brought up the matter of resignation of the present superintendent and Mr. Packard said he had Miss Morgan's resignation in his pocket, Mr. Kreiss, "I knew you had that's where you are playing politics."

Mr Packard then made the announcement that previous to the meeting that he had received a request from Mr Rohan that if it would further the interests of harmony in the board and the school system his name be withdrawn from the list of candidates. Mr. Packard said he had refused to present the withdrawal, but proposed that if the board could for the sake of harmony be unanimous on the plan of calling for other applications and permitting neither Mr Rasey nor Mr. Rohan to hold the office within the next two years, he would withdraw Mr. Rohan's name Previous to the meeting he had interviewed Mr Rasey on the question, but that gentleman refused to consent to any such proposal, he said.

Mr. Galpin then asked Miss Morgan if she considered herself capable to take the position She answered that it was a matter for the board to decide. When asked if she had no desire for the position, she replied that this was the first time the board had ever asked her that question The mayor said he understood that she didn't want it and for that reason no proposal was made. She said she had expressed that to one member of the board

DIFFER ON LAW

When the board proceeded to adopt the remaining recommendations of the committee, Mr. Kreiss suggested that the board consider Mr. Packard's proposal of postponing further action on the superintendency. He suggested that Miss Morgan be allowed to continue in her present position for some time longer.

He again also challenged the legality of the board's action. He said that there are two boards, a high school board and a board of education, and that this body assembled could not legally take up the business of both boards. Miss Morgan disputed the statement saying that the high school board had been abolished when the union high school system took effect years ago. Mr Galpin supported Mr. Kreiss in these matters and said that such also was the opinion of Attorney Paul V Cary, a former member of the board Mr. Kreiss stated further that Miss Morgan's resignation should not have been presented to the teachers and text committee, but to the board.

Mayor Goodland declared that Mr. Kreiss was quoting from Appleton special charter made years ago and that this had been superceded by the general charter. Mr. Kreiss disputed the statement.

Following the adoption of the salary program of the city administration of schools, Mr. Rasey entered the room and asked permission to speak He tendered his resignation and explained the reasons for that action

HORST MANAGING RAINBOW GARDENS

Gib Horst of this city, who has conducted an orchestra bearing his name for a number of years, became part owner and manager of Rainbow Gardens, a pleasure resort east of the city, Saturday. He has purchased the shares of Peter Stark and A. G. Downer in the corporation and will be associated with A. A. Fraser and Louis Schroeder, who still are stockholders. Mr. Horst has made no announcement concerning his plans for the resort. His new position will not interfere with the activities of his orchestra, he says.

'Dangerous Coughs Go Quickly With Old-Time Pine-Tar Honey

Perhaps the best remedy ever discovered for a persistent cough that has hung on and on, and which may develop into a more serious condition, is that old-time tried and proved medicine that our parents and grandparents relied on—Dr Bell's Pine-Tar Honey. The prompt relief is almost magical, and a day's use will often break up a bad cough or chest cold entirely. Doctors say the pine tar quickly loosens and removes the phlegm and congestion which are the direct cause of the cough, also healing soreness, while the honey both soothes irritation and gives a pleasant taste.

But be sure you get the genuine and original Dr. Bell's Pine-Tar Honey, and no other. There have been many imitations, but the original is still the best, as it is scientifically compounded of just the right proportions of pine-tar, honey and other healing ingredients which the best doctors have found to aid in quick relief. For coughs, chest colds, bronchitis and almost every other throat irritation, including children's spasmodic croup Often stops a severe cough overnight. Dr. Bell's is only 30c at any good druggists.

LIVER TROUBLE CAUSE OF HIGH BLOOD PRESSURE

Medical science knows that poisonous waste in our bodies would actually cause death in a few days if not eliminated by Nature's processes. Because it destroys these deadly poisons, the liver is our most important organ—the body's wonderful purifier.

The liver prevents the formation of body poisons that cause diseases of the heart, kidneys, blood vessels and are chiefly responsible for premature old age.

When the liver becomes weak, the poisons are sucked up by the blood and health is broken down Physicians know that the liver cannot be regulated by drugs, but a safe Nature substance has been discovered which will at once increase the vital bile supply. The discovery is purified ox gall

Get from your druggist a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed Your liver will be regulated Blood purification will begin Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. Dioxol tablets are harmless, tasteless and cost less than two cents each

These genuine ox gall tablets are prepared only under the name "Dioxol" If any tablet is offered you under another name, refuse it. Accept only Dioxol in the original, genuine package. adv.

FEW CHILDREN ARE OUT OF SCHOOL ON VACCINATION ORDER

School Principals Report General Compliance With Board of Health Ruling

It is evident that Appleton parents heeded the warning of city health officials that unless school children were vaccinated for smallpox during the Christmas vacation, they could not return to classes on Monday morning, for few children were sent home because they were unable to present a doctor's certificate.

Reports from schools show that many were absent because of ill effects of vaccination. This is true among the younger children especially.

High school pupils who had not been vaccinated and could not present a certificate showing that they had smallpox, were asked to remain away until they had been vaccinated or until other provisions were made. The number of parents refusing to comply with the edict was small.

Many doctors have refused to issue certificates until it is evident that the treatment was egective. This is usually determined within eight days

NURSES OF VALLEY HOLD MEETING HERE

Nurses from Appleton, Neenah and Menasha attended a meeting for graduate nurses of the valley at Appleton Womans club Saturday evening, the second this season. The nurses, recently organized, have affiliated themselves with the womans club.

A resume of recent issues of the Modern Hospital was given by Miss Ellen Stewart, superintendent of nurses at Theda Clark Memorial hospital. Miss Mary Orbison, school nurse, discussed chlorine gas, basing her talk upon an article in a recent issue of Review of Reviews.

Mrs. Harvey Younger, president, and Mrs. Earl DeLong had charge of the meeting. A luncheon and social hour concluded the entertainment. The nurses will meet the first Saturday of each month.

Choir at New London

Thirty members of the choir of Mount Olive Lutheran church and the orchestra went to New London in automobiles Sunday evening to present the Christmas cantata, "Hail Redeemer and King" at Emmanuel Lutheran church. A large crowd heard the program The choir has received several other invitations to present this program and will act upon them at the rehearsal Wednesday.

POLICE RECEIVE DAILY REPORT OF NEW CAR LICENSES

Car Owners Advised to Get New Plates Now if They Wish to Drive

Daily automobile license reports are being received at the Appleton police station from the office of Fred R. Zimmerman, secretary of state, for the convenience of the police department and the general public in identifying automobile owners Appleton is one of eight Wisconsin cities to receive this service, and police departments of neighboring cities are invited to make use of it.

Automobiles with the new license plates now are to be seen on the streets and the orange and blue plates are gradually becoming more numerous. It is expected that the demand for temporary plates issued by the police department will be heavy at this time of the year. The department will, however, issue no permits except when shown a postcard receipt from the secretary of state Assurance was made that ordinarily these cards would be sent out immediately upon receipt of the registration fee, but automobile owners have had to wait longer than a week thus far. On account of the congestion in the secretary of state's office, police will not enforce the license law immediately Yet they caution all automobile owners that if they wish to drive now they must make application to the state at once

CROSSWORDS AND RADIO KEEP FOLKS AT HOME THIS YEAR

The Christmas of 1924 may have been noted as a radio Christmas, but according to local book dealers, it was a crossword Christmas. Although the best novels, classics, romances and books of poems were purchased as much as ever for Christmas gifts, other books were forced to languish upon the shelves in local stores, while constant demands for crossword puzzle books, books of synonyms, thesauri and dictionaries kept the dealers "on the jump." Never have local dealers had such a large and steady demand for any type of book as Christmas gifts. One dealer said that he had sold more books of synonyms in the last three months than in the last twenty-five years.

The most popular book this Christmas was "The White Monkey" by John Galsworthy. All stores reported large sales of this story. "The Little French Girl" by Anne Sedgewick ranked next in popularity. Another very popular book at all the stores was "Rugged Waters" by Joseph C. Lincoln.

Hundreds of Appleton folks are busily engaged in solving crossword puzzles evenings instead of going outside the home for amusements, according to the estimate made by the dealers. Radio and crossword puzzles, the two elements which are keeping "the young folks at home" these days are a formidable combination, in many Appleton homes. Old and young solves the problems of the puzzle while listening to the strains of jazz orchestra in Los Angeles or soprano solo in New York city, in fact many say the music helps them think.

GOVERNOR

Judge J. E. Erickson, a Democrat, became governor of Montana, an overwhelmingly Republican state, Jan. 1 And, stranger still, he never wanted the office Before the election, he was busy telling friends he wouldn't stand for it. But his majority at the polls finally caused him to surrender.

SEEK LOCAL DELEGATES TO WORLD C. C. MEETING

Local businessmen who plan to be in Europe in June may become delegates of Appleton Chamber of Commerce and sit in the sessions at the annual meeting June 21 to 27 of the International Chamber of Commerce at Brussels, Belgium, according to notice received by the chamber here.

Attractive inducements are offered to those who attend the sessions. The American party sails aboard the liner George Washington from New York June 10 in quarters that have been reserved for the delegates. A choice of three observation tours is offered following the meeting, one to continental Europe, another to the northern Scandinavian country and a third to other parts of Holland and to Germany and other near by regions.

Appleton's membership in the Chamber of Commerce of the United States enables the chamber to certify as delegates any members who will make the trip to Europe

WERNER WILL ATTEND STATE Y. M. C. A. MEETING

George F Werner, general secretary of Appleton Y. M. C. A. will leave Thursday for Madison to attend a meeting of representatives of state Y. M. C A. Both laymen and secretaries will be in attendance The purpose of the meeting is to prepare a report of the meeting of the national Y. M. C. A., which was held recently at Buffalo, for the local associations and to apportion the national committee budget to the local associations. More than 50 representatives from all over the state are expected to be present.

MADISON GETS MEETING OF EDUCATIONAL COUNCIL

Dr. J A Holmes, pastor of First Methodist church, Appleton, and S. F. Shattuck, Neenah, were among those who attended the annual meeting of the executive committee of the Wisconsin Christian Education council, in Oshkosh Announcement was made of the place and time of the 1925 convention of the council. The meeting will be held in Madison, June 23, 24 and 25. Last year the state workers assembled in three sectional conventions with an attendance of from 300 to 500 at each meeting. This year the sectional plan was abandoned. One general asembly will take its place

STAGE AND SCREEN

IDLE TONGUES

Skillful direction, a capable cast and a tensely dramatic story combine to make "Idle Tongues" which opened at the Elite Theatre one of the season's most entertaining pictures

The story is an adaptation from Joseph C Lincoln's novel of New England life, 'Dr Nye," and hinges upon a battle of love against small town gossip. Percy Marmont and Doris Kenyon hold the leading roles, with the inimitable Claude Gillingwater at the head of an excellent supporting cast

Marmont, in the role of Dr Nye, physician in a Cape Cod village, serves a term in prison to protect the name of his wife, who had cheated him of the girl he really loved Upon his return from prison he resumes his practice, only to become involved with the town boss, the brother of his wife who has since died

He endures persecution in silence and is finally set upon by a mob, incited by the boss In the end, however, he finds justice in the most unexpected and dramatic situations that ensue.

Marmont gives a convincing and sincere interpretation of the village physician His work, and that of Miss Kenyon, as "Katherine Minot," his sweetheart, is far above the ordinary, and has much to do with the success of the play.

Malcolm McGregor and Lucille Ricksen are happily cast as youthful sweethearts, and rare character bits are done by Gillingwater, David Torrence, Vivie Ogden, Dan Mason and Ruby Lafayette

Lambert Hillyer, who directed the film, has added another success to his long list of screen plays, and the photography by Karl Struss is unusually good

"Idle Tongues" was produced by Thomas H Ince for First National release

FORBIDDEN PARADISE

Where are all the screen fans in Appleton going? Why to "Forbidden Paradise" of course It's Pola Negri's latest Paramount picture, an Ernst Lubitsch production featuring Rod La Rocque, Adolphe Menjou and Pauline Starke in principal roles.

The story, adapted by Agnes Christine Johnston and Hans Kraly from the stage play, "The Czarina," by Lajos Biro and Menyhert Lengyel, is one of Pola as the Czarina, who rules over a kingdom in the heart of the Balkans. She has a quick eye for a handsome man and a number of the officers in her court and army have received signal marks of her favor Adolphe Menjou, who plays the role of chancellor, understands his queen's failings quite well. In the game of government, he uses his knowledge to advantage

The story of how the chancellor accomplishes the sudden change and the queen's subsequent dealings with Alexel, the man whom she both loves and hates, forms one of the most fascinating ever screened.

Appleton Theatre today and tomorrow.

EDITH ALLEN IS ONE OF MOST PROMISING OF SCREEN PLAYERS

Edith Allen, who plays the principal emotional role in "Virtuous Liars," the Whitman Bennett production, which will be shown at The New Bijou Theatre on Wednesday and Thursday is one of the most promising young leading women of the screen The leading role is that of a girl who had given up an artistic career to marry Her husband deserts her and her child and she is compelled to begin again as a struggling painter Her portraits attract the attention of a wealthy art patron, and circumstances compel her to let the impression exist that she is a widow. This elderly man proposes marriage and when he tells him the truth the shock proves fatal He leaves her a trust fund of half a million dollars and the husband returns to compel her to share the fortune with him Her love for the nephew of her patron provides conflict which presents tense dramatic situations.

The nephew is played by David Powell, Ralph Kellard plays the husband, Maurice Costello is the art patron, and Naomi Childers, Burr McIntosh and Dagmar Godowsky have important roles. Albertina Rasca formerly prime ballerina of the Chicago Opera, appears as an interpretative dancer

OVERCOAT IS NO GOOD INSIDE HOUSE ANYWAY

Inventors and wizards of science are born, not made, and many small town thinkers are "born to blush unseen" but the genius of a local car owner was shown in the use to which he put his overcoat Saturday morning. The weather was turning colder and the man had no blanket in his machine When he parked his car, he removed his coat and using the radiator cap as a hangar, carefully draped it over the radiator. He then entered the building and on returning to the outside world, removed the impromptu blanket from its hanger and again put it to the use for which it was bought, thus killing two birds for the price of one

A STORM OVER NOTHING

The furor raised by the sensationalists about France's alleged purpose to repudiate its $4,000,000,000 debt to the United States has turned out to be a false alarm. We are assured that France has no such intention. Colonel Harvey and his nightmare to the contrary notwithstanding. It pays to keep your shirt on.

The terms France will propose or hopes to receive are pure speculation. Exchanges on the subject now in progress between the two governments are tentative and preliminary. According to the best information, France has made no definite proposal. She is merely feeling out her way, which is what any other shrewd debtor in her position would do under like circumstances. She wants to get the best terms possible, and that is what the United States or any other country would do were the situation reversed.

The best thing for the American people to do is to leave the matter to the good judgment of the president, his secretary of state and his secretary of the treasury. Between these three we have for the purposes of government the best statesmanship and the best financial ability there is in the United States. They are not going to sell out their country, neither are they going to deal heavily with France. Whatever moratorium and terms they are disposed to grant to France will be the result of judgment and justice and likely to withstand criticism. At any rate, it is a comparatively small matter to disturb ourselves about, and certainly is not a cause for any disturbance until we know what France proposes and our own government disposes.

ELEVATION OF GUNS

Everything has been settled with respect to our naval program, so far as the White house is concerned, excepting the question of gun elevation. Mr. Coolidge has let it be known that he favors the necessary appropriation to bring the navy up to the full 5-5-3 ratio authorized by the arms conference treaty. He is reported, however, to be opposed to gun elevation. A great deal is being made of this subject by those who wish to have the strongest possible navy. It is especially urged by those who are whipping up a war spirit against Japan and by our jingoes.

It does not necessarily follow that because this element is for gun elevation it is not advised. The fact, however, that the president is opposed to it will go a long ways with the public in support of the contention that it is not necessary. The charge is made that the British navy has by certain devices on their capital ships effected a gain in gun elevation which gives them a range of approximately 7,000 yards in excess of the range of the same caliber guns on the American ships. It is said that this applies to thirteen American battleships and an equal number of British ships of the same armament. The truth of this allegation, however, is not substantiated. It is taken for granted by those newspapers and naval men who are urging gun elevation in the United States, but it is not yet proved.

It is also charged that Great Britain has protested formally to the secretary of state against the elevation of guns on the American capital ships, but the state department has not confirmed the charge nor has the text of the protest, if one has actually been issued, been made public. Another accusation is that the Rockefeller foundation is engaged in activities and the use of money to promote pacifism and thereby weaken the American navy.

We think that here again the people may safely leave the determination of these matters to the intelligence, judgment and patriotism of the president. He is in a position to know what the facts are both with reference to the attitude of Great Britain and the controversy over gun elevation. What he recommends will undoubtedly be in accordance with the best interests of the country, and for its proper military security. Mr. Coolidge has never been accused of being a pacifist, and there is nothing to indicate that he is tainted with any false sentimentalism that would jeopardize our national defense. There is the usual politics in this agitation, coupled with a jingo spirit, that wants to force itself on the government irrespective of what the exact situation may be. It is oftentimes as extreme in its demands as those at the other end of the question, the pacifists. The full truth will come out in due time, and we are inclined to believe President Coolidge will be found on the right side, and whatever his position, that it will be sustained by the country.

CHICAGO LOSES

Government in the interest of the people, and national interests over community interests, have won a great victory by the decision of the United States supreme court affirming the injunction of the federal court which restrained the sanitary district of Chicago from diverting from Lake Michigan more than the 4,167 cubic feet per second authorized by the war department. The controversy was of long standing. During the last year it was forced to a final conclusion by an aggressiveness of the states of the Great Lakes region. The city of Chicago put up a desperate defense. It employed all the resources of money, stratagem, appeals to sympathy, subterfuges and what not to gain its point. It misrepresented the facts about the effects of the excessive diversion it had caused to be made in violation of the war department's permit, and attempted to set up the interests of the people of Chicago as superior to the interests of millions of people in the Great Lakes region, of navigation on the Great Lakes and of the economic welfare of the country at large. It was proved that the stealing of water by the city of Chicago, and that is what it amounted to in plain words, had lowered the lake levels perceptibly, to the great detriment of commerce and the loss of millions of dollars annually in navigation.

The problem of disposing of Chicago's sewage is its own problem, and not the problem of lake shipping and the lake states. Chicago can dispose of its sewage without diverting water to the amount of a third of the Mississippi's flow. It can take care of its sewage as other great cities are doing, namely: by the erection of reduction plants. It has already started upon a program of this character, as if in anticipation of an unfavorable verdict by the supreme court. Chicago can provide for its sanitary requirements without polluting other areas and without appropriating an unreasonable amount of water from the Great Lakes. What it can do it will find the ways and means of doing. The rest of the country need not worry about that. Interests that were of far greater importance than those advanced by Chicago have been protected, and this is as it should be.

EYESIGHT.

TWO little peepers are working for you whenever your eyelids are open. They show you the way to the things that you do. Forever they're searching and gropin'.

Nature is wonderful. How do you know? Only because you have seen it. Eyes let you have what the world has to know, with vision that ought to be keen.

Look to your friends, as the old saying goes, and look is what each person tries. But friends can't be seen, as a man surely knows, except through the help of your eyes.

No matter what trouble may come in your way, you always can find that there's cheer in knowing it fades out from day unto day. Your eyes let you see your way clear.

And how are you treatin' these peepers, ol' man? Consider it now, ere time flies. You'd best always give them the best that you can. Take a tip, and take care of your eyes.

EARLY FLATFOOT.

"Weak ankles," "weak feet," pronated feet, static valgus and early flatfoot are various names for the beginning of the commonest of acquired deformities. The condition is very prevalent among children, particularly girls 10 to 16 years old, and if neglected or unintelligently treated it tends to develop into permanent rigid flatfoot.

Three factors contribute toward the occurance of "weak feet," namely (1) faulty nutrition, (2) neglect of physical education, and (3) improper footwear.

The nutritional defect is not clearly defined as yet, but we are justified in assuming that the average dietary of children in the cities is deficient in calcium phosphate, which is an important constituent of ligament, muscle and bone, and that the dietary is often deficient also in vitamins which are essential for the growth and development of normal muscles and ligaments. Both the calcium phosphate and the vitamins are available in adequate amounts in certain foods which for one reason or another children do not get in many urban homes. Those foods are pure fresh milk (unpasteurized, unsterilized), the fresh greens and fresh vegetables (preferably raw), and such fruit as oranges, prunes, grapes, bananas, strawberries. The child under 16 who does not take at least a quart of pure fresh milk daily is likely to suffer from calcium shortage.

Of course the nuts, particularly peanuts, pecans, walnuts and almonds are relatively the richest of all foods in calcium and are also excellent sources of vitamins, but very few people can learn to use nuts as a staple article of diet because they do not know the nutritive value and the economy of nuts in the diet.

A query that comes to me every day concerns the question of eating such things as potatoes, carrots, oatmeal, cucumbers, turnips, onions, wheat bran, unground wheat, rice, cabbage, and the like. Not only is it harmless to indulge an appetite or craving for such things, but it is a healthful habit for children and adults to eat some raw food every day. In many cases the hankering seems to be for laundry starch—quite harmless, but not particularly advisable as a health habit; it would be well for one with that craving to switch to some one of the items I have just mentioned. Laundry starch is just starch, carbohydrate, perfectly good food but the very king of food which most of us take to excess.

It seems somewhat beside the question to discuss diet when we are considering flat foot. I give these details not as facts, (for I don't know definitely whether they are facts,) but as my opinion merely. It would be foolish to imagine that flat foot can be cured by correction of diet. I have suggested nothing like that. But from all I can learn about it, the dietary deficiency I have pointed out is in all likelihood a factor in the causation of "weak feet" in young persons.

In our next lesson in this course we shall consider the second factor, lack of education.

QUESTIONS AND ANSWERS.

The Kindest Husband.

A Wisconsin wife takes the red plush album. She complains that she is still poorly, although a year ago her husband opened his heart, his pocketbook and his home to her . . . If that's the way they're going to live in Wisconsin, the outlook for husbands generally is gloomy. Must a man count on taking his wife right into his own home to live? Besides furnishing 21 meals a week?

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO.
Tuesday, Jan. 9, 1900.

Bicycle riders were using their wheels more than usual this winter. They were bothered very little with punctures since nails, tacks and glass were frozen into the ground and not so apt to do damage.

LETTER FROM BEATRIC SUMMERS TO LESLIE PRESCOTT, CONTINUED

"Besides," continued Miss Perier "I am like a drunkard. I buy and buy so that I will not think."

I looked at her in surprise, Leslie for I could not quite realize what she had that she wanted to blot out from her brain. She seemed to think, however, that this was explanation enough, for whatever her thoughts had been, she gave herself up to them, and apparently forgot that I was there.

"Miss Perier, you surely must have only pleasant thoughts," I exclaimed, hoping to call her out of herself. "No young woman has had greater success than you in the last three years."

"Perhaps that's so, but what does success on the screen mean? Money? Yes, of course, lots of it. The extravagant admiration of many people whom you have never seen and never will see, coupled with the feeling that you have no real friends. The men for whom you work think of you only as a cog in the wheels that turn out golden dollars for them, and all the other people you know are either jealous or envious of you.

"This morning when I awoke," she continued, after a moment, "I thought the whole world was hard and cold. Even the sun which was trying to peep through the Chicago smoke seemed only a great brass ball, something not capable of sending out any warmth. When I opened my eyes I found myself saying: "I don't want to go to Hollywood. I don't want to go back to work. I don't want to read another fan letter. I don't want to hear another soulless compliment. I just want to go somewhere and set out in the sun under the trees, and hold a baby in my arms.'

"Then you called my room, you know, and immediately, like the drunkard who knows the lethal draft, I said, 'We'll go shopping.' "

Because Paula Perier spoke of the joy of a child, I immediately told her about your little boy Jack—how sweet and darling he was, and how you loved him. I've never seen such a radiant look on human face as on Paula Perier's when she turned her eyes toward me.

"Oh, have you seen the Prescotts' little boy? I saw him once, and I think he is the loviest child I have ever seen. I used to know Mr. Prescott many years ago, and when I returned to the city on my first appearance tour his wife was most charming to me. She is devoted to the boy, is she not?"

"I have never known such a womderful mother," I said, "as is Leslie."

"What would she do?" asked Paula Perier, "if the child were to die or be taken away from her?"

"I think her heart would be broken."

"Yes, I think it would," said Paula Perier. The shopping tour which had started with a laugh, ended with a slow dropping tear. Paula Perier, who had given the address where she wished her purchases sent, unceremoniously walked out of the store without paying any more attention to the beautiful things she had purchased. She's a strange woman, isn't she, Leslie?

Lovingly, BEE.

WELL ONE DAY IN BED THREE

That, Was the Life of Mrs. Hollister Until she Began Taking Lydia E. Pinkham's Vegetable Compound

Wyandotte, Michigan.—"After my baby was born I did not do my own work for six months and could hardly take care of my own baby. I always had a pain in my right side and it was so bad I was getting round shoulders. I would feel well one day and then feel so bad for three or four days that I would be in bed. One Sunday my mother came to see how I was, and she said a friend told her to tell me to try Lydia E. Pinkham's Vegetable Compound. So the next day I got a bottle and before it was half taken I got relief. After I was well again I went to the doctor and he asked me how I was getting along. I told him I was taking Lydia E. Pinkham's Vegetable Compound, and he said it did not hurt any one to take it. I am always recommending the Vegetable Compound to others and I always have a bottle of it on hand."—Mrs. HENRY HOLLISTER, R.F.D. No. 1, Box 7, Wyandotte, Mich.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all women. For sale by druggists everywhere.

VICTORY SERVICE OPENS YEAR FOR KAUKAUNA CHURCH

Rev. Woodward Reports Congregation Made Big Strides in 1924

Kaukauna—The first Sunday of the new year was observed as "Victory Sunday" in First Congregational church and a victory service was conducted by the Rev. Daniel Woodward, pastor. He announced the church opened the year with a sizable balance in each department treasury and with an especially large balance to the credit of the Ladies Aid society. All the bills of last year for operation and improvements are paid and there is no debt of any kind against the church or its property.

Mr. Woodward reported he had received 68 people into the church during 1924, forty-four of whom were adults and 19 of whom were in their teens. During the last three years of his pastorate, the Rev. Mr. Woodward has taken 114 into membership, of whom 86 were adults and 28 were in their teens. There has been a net gain of 105 members, he said. There also are a large number of families whose children are in Sunday school or who support the church as their home.

The pastor outlined the coming year's work as opening with large opportunities for real religious service to the community. He announced he had cut off all outside work of every line that he might have the full year to put over an aggressive religious campaign, with the exception of one month of vacation. He continued by saying he would continue to preach and teach a practical, patriotic, liveable, orthodox, up-to-date gospel, with no reference to the Klan movement. The pastor said he would cooperate with any uplifting movement in the community but that his one big job would be his church work.

Holy communion was administered and the service closed as a "Victory New Year Service."

MASONIC ORDERS INSTALL OFFICERS

Kaukauna — Officers of Kaukauna chapter No. 101 Royal Arch Masons and Kaukauna lodge No. 233, Free and Accepted Masons, were installed at a joint meeting Monday evening in Masonic hall. W. P. Hagman was installed as excellent high priest of the chapter and George Seifert was installed worshipful master of the lodge. Other officers of the Loyal Arch Masons are:

E. J. Nicholson, king; C. S. Webster, scribe; Lyle E. Webster, captain of the host; Elliot E. Zekind, principal sojourner; A. P. Tate, royal arch captain; Gus Jacobson, third vailsman; W. J. Babler, second vailsman; Frank Schatzka, first vailsman; Frank Luce, sentinal; J. V. Krahn, secretary; W. F. Hohmann, treasurer; William Smith, trustee. John Lappen of the Appleton lodge, was installing officer and Harry Scholl was marshal.

Officers of the lodge who were installed were George Seifert, worshipful master; Lyle E. Webster, senior warden; Edward Rennicke, junior warden; A. P. Tate, secretary; W. F. A talk was given by the Rev. Daniel Woodward following the installation. A few selections were read by W. P. Hagman and the program closed with community singing.

ADVANCEMENT CLUB TO HOLD MEETING TONIGHT

Kaukauna—The first meeting of the year of the Kaukauna Advancement association will follow the usual supper at 6 o'clock Wednesday evening in the council rooms. The supper and meeting are open to all citizens who are interested in the progress of the community.

A discussion of plans for the second annual mid-winter fair to be held in February probably will be the principal business. Other plans for the coming year will be made.

RED CROSS SEAL SALE BIGGER THAN YEAR AGO

Kaukauna—Mrs. C. D. Boyd who is in charge of the annual Christmas seal campaign for Kaukauna Womans club has announced that the sale this year netted a much larger sum than last season. A complete report, however, is not yet available, since a large number of people have not yet settled up with Mrs. Boyd. Inasmuch as she is anxious to make a report to the Womans' club as soon as possible she has asked that all people settle their accounts as soon as possible. It is understood that those who cannot or will not buy the seals must return them in the envelope which was enclosed for that purpose.

SPECIAL PROGRAM AT OPENING OF RINK

Band Will Play and Good Time Is Insured for Formal Opening

Kaukauna—Kaukauna's municipal skating rink on the ball grounds will be formally opened with appropriate ceremonies Wednesday evening beginning at about 7:30. John Coppes, president of the Kaukauna Athletic Association, under whose auspices the rink became a reality, has made special preparations for Wednesday evening. The Kaukauna band has been secured to play and a portion of the rink will be roped off for dancing.

The rink has been built up with great care and in the best possible manner. It is probably one of the best in this vicinity for a large numbers of skaters from cities near Kaukauna come here every evening to enjoy the sport.

It is believed that skating and hockey are destined to become this city's big winter sports. The situation existing with reference to the high school auditorum is making it highly impracticable and almost impossible to arouse any interest in basketball outside of the high school team. The hall is in use almost all of the time for high school activities and there is little chance for other organization interested in putting out teams.

Another large crowd assembled on the ice rink Sunday afternoon and evening. In the afternoo a practice hockey game was played with an Appleton team. A return game is scheduled for next Sunday at Appleton.

CHOIR AND DRAMA CLUB ENTERTAINED

Kaukauna—Ladies of St. Mary church entertained the choir of the church and the St. Mary Dramatic club at a banquet at 5:30 Sunday evening in the church hall. The banquet was served by Mesdames Joseph Lehrer, John Gerend, Howard Macrorie, Emil Schubring and Theodore Nytes who acted as hostess in the name of the parish.

Following the banquet a program was given by members of the choir and the dramatic club. A short address was given by the pastor, the Rev. Conrad Ripp. Ernest R. Landremann also gave a short talk. A piano and violin duet was offered by Wilfred Brown and Harold Hoolihan which was followed by a comic sketch by Cornelious Meyer and Laverne Rabideau. Jacob Stoeger sang a tenor solo and Mrs. Stoeger and Edward Galmbacher continued the program with a piano and violin duet.

A vocal duet was rendered by Miss Blanche Gerend and Edward Langlois. "Souvenier" was played as a violin solo by Edward Galmbacher with Mrs. Stoeger as piano accompanist. A recitation "My Shadow" was given by Angela VanDyke which was followed by readings by Miss Elizabeth Verhooven and Clothilda Meyer. A comic song by Frank Melchoir and Norbert Rank closed the program. A few remarks by Father Ripp and the Rev. H. VandeCastle, assistant pastor, were given before the guests departed. A vote of thanks was extended to the Ladies of the parish.

Social Items

Kaukauna—Joseph Jirikowic was elected president of the St. Boniface society of St. Mary church at its annual meeting Sunday afternoon in south side Forester hall. W. C. Ditter was named financial secretary; Peter Kauth, recording secretary and Joseph Kuehn, treasurer. Regular business also was disposed of.

The regular meeting of Kaukauna post of the American legion will be held Tuesday evening in legion hall. Routine business will be disposed of.

The annual meeting of the Alter society of St. Mary church was held at 2:30 Sunday afternoon in the basement of the church. Mrs. L. F. Nelson was elected president. Other officers are Mrs. Henry Amore vice president, Mrs. F. M. Schmidt, financial secretary; Mrs. Frank Walsh, recording secretary; Mrs. John Adrians, treasurer; Mrs. Fred Kohnssen, Mrs. Oliver Casey and Mrs. Giesbers, directors. About 30 members were present.

The Ladies Aid society of Trinity Evangelical Lutheran church will hold a meeting at 2:30 Wednesday afternoon in the church basement. Routine business will be disposed of and a social meeting will follow. Hostesses will be Mesdames L. J. Meyer, George Lau, L. Lorenzen and Paul T. Oehlert.

The M. E. S. Schafkopf club held its regular meeting Monday evening at the home of Mr. and Mrs. Fred Mayer, E Second-st. High prizes at shafkopf were won by Mrs. William Nytes and Fred Merbach while consolation awards were won by Mrs. E. A. Mayer and George Buerth.

H. S. PRINCIPAL PRAISES NEW SCHOOL NEWSPAPER

New London—The fifth issue of the high school paper, the Monday Morning News, issued Monday morning, drew praise from Supt. R. J. McMahon during the assembly period Monday morning. All of the material handed in for the paper by various students has not been printed, as room cannot be made for the flood of news that arrives during the week, he said. Only three of the articles in the five issues have been written by teachers, and those only upon request.

LOOK:-HERE'S THE LATEST

Cod Liver Oil Now in Tasteless Tablets

Greatest Flesh Builder

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out.

Medical science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure.

Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest viatmine food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of these flesh-producing tablets just as easy as a bottle of magnesia.

Thin, run-down, anaemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Tablets, and if you don't gain 5 pounds in 30 days just get your money back.

One woman gained fifteen pounds in five weeks, according to her own doctor—another ten pounds in three weeks. A very sickly child, aged nine twelve pounds in seven months, and now plays with other children and has a good appetite.

Just ask for McCoy's Cod Liver Oil Tablets. Schintz Bros., Downer's Drug Store or any good druggist will tell you that they are wonderful flesh and health builders. Only sixty cents for 60 tablets.

"Get McCoy's, the original and genuine Cod Liver Oil Tablets." adv.

Toad Creek orchestra gave an entertainment in camp and at its close a male quartet gave a selection.

Used By Millions Of Mothers

For Croup

Over 98 million jars of Vicks have been used in the past five years. This means the unbroken confidence of a vast army of mothers. They like Vicks because it solves a great problem—how to treat croup and colds without that continual dosing, which is so harmful to delicate little stomachs.

Being applied externally Vicks does not disturb the digestion. It can be freely used without the slightest harmful effect.

Vicks brings prompt relief from croup and often checks even the worst cold overnight.

There is nothing to swallow. You just rub it on.

STINSKE ADMITS FORGERY BEFORE MUNICIPAL JUDGE

Menasha Man Admits Stealing Checks and Forging Name

Neenah — Forgery was admitted by Joseph Stinske Monday, in Municipal court. Stinske was arrested by Charles Watts, chief of police of Neenah after several bad checks had been cashed. He had held to a plea of not guilty during the preliminary hearing but changed to guilty before Judge Goss. He had secured personal checks from a check book owned by Frank Stanelle, local battery man, and with green ink secured in the Stanelle office had written checks amounting to several hundred dollars. All of these checks bore forged signature of Mrs. Stanelle who did all the check writing for the concern. The judge took the matter under advisement and will pronounce sentence on Jan. 19. Attorney M. M. Schoetz, Menasha, was appointed by the state to defend Stinske in this trial.

NEENAH SOCIETY

Neenah—Installation of recently elected officers of Kane lodge No. 61 F. & A. M. was order of business Monday evening at a meeting of the lodge. CO. I TEAM DEFEATED BY KIMBERLY SQUAD

Neenah — Co. I basketball team was defeated at Kimberly Monday evening by a score of 34 to 19 in the villagers favor. Luck was against every player on the local team as even Madson who can generally be depended upon to make a few baskets, was held to a single counter during the entire game. The locals go to Hilbert Tuesday night and to Two Rivers Friday night.

LIEBL SENTENCED TO JAIL FOR FOUR MONTHS

Neenah—William Liebl, Tuesday noon, was sentenced to four months in Winnebago-co jail. Sentence was passed by Judge Goss in Municipal court who has had the matter under advisement for the last week. Liebl pleaded guilty to contributing to delinquency of 15-year-old Mary Corbett.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable. adv.

LEGION INVITES ATHLETES TO GET IN ATHLETIC MEET

Indoor Track and Field Meet Will Be Conducted by Post Next March

Neenah — Athletes of twin city schools will be invited to take part in an interscolastic field meet to be sponsored by James P. Hawley Post American Legion. At a meeting of the post Monday evening, initial steps were taken for holding a meet in S. A. Cook armory in March. Athletic contests, similar to an outdoor meet will be conducted, contestants to be from among the best the schools of Neenah and Menasha can produce. At the same time a tug of war between post teams of the valley will be indulged in for the silver trophy cup donated by merchants and manufacturers of Neenah which is now held by the local post. At the Monday night meeting of Hawley Post initial reading of the revised bylaws took place but no action was taken on them at this time.

OLDS RENEWS PLEA FOR $10000 DAMAGES

Neenah — Ten thousand dollars damages has been asked by Robert Olds, father of Miss Ruth Olds who was killed in an automobile accident last summer on the Appleton-Waverly beach road. This request was presented Monday morning to the Winnebago-co board at its opening meeting. The petition states that negligence in repairing the road was the cause of the accident. The matter was referred to D. K. Allen, district attorney. A similar request had been presented to the last meeting of the board and rejected.

TWO COWS SURPASS 60-POUND RECORD IN ELLINGTON CLUB

W. M. Fischer and John Laird Have Bovines Taking Highest Places

Ellington-Outagamie County Cow Testing association had two producers in its 30-day test ending Dec 31 that registered more than 60 pounds of butterfat, according to the monthly report of Henry Brahmer, official tester. W. M Fischer held top honors, as he had both the highest individual cow and highest herd

Mr. Fischer's winning cow gave 1,625 pounds of milk testing 3 9 per cent fat and totaling 63 4 pounds of butterfat and his herd of mixed breed averaged 1,101 pounds of milk for each cow, with test of 4 09 per cent and butterfat total of 44 9 pounds

Second high cow was a grade Guernsey owned by John Laird She yielded 954 pounds of milk with 6 4 per cent test and equaling 61 1 pounds butterfat, Mr Laird also was second for herd production His grade Guerseys averaged 768 pounds of milk, 5.19 per cent fat and 39 9 pounds of butterfat.

Cows which produced more than 40 pounds of butterfat were.

MELCHERT COWS PASS HIGH TESTS

Seymour — Three cows owned by Fred Melchert, breeder of purebred Holsteins, have just completed good official production records in 7 day tests. The tryouts were made by John A Last, official tester of the University of Wisconsin

The cow making the best record was tested 30 days after she had freshened which would lower the record

These are the testing results:

DeKol Calantha Parthenea No 543765, 22.08 pounds of butter in seven days. Hello Colantha Mutual No 537354, 23 08 pounds of butter, seven days, DeKol Piebe Mutual No 361695, 23 80 pounds of butter.

These records were made under ordinary farm conditions thus placing the cattle in a high production class

FAVOR CALF CLUBS OF HOLSTEIN BREED

Waupaca — Waupaca County Holstein Breeders association at its meeting at the courthouse Saturday, elected as directors: S H Diessien Marion A C Klem, Bear Creek, Arthur Krueger, Clintonville. Officers will be elected at a latter meeting and plans will be made to promote a sale in the near future During the meeting Saturday the association went on record in favor of calf clubs throughout the county this year

Boys Find Pig Raising Is Profitable Venture

Two of last year's pig club winners, Lewis Letts, Grand Chute and Harold Roepcke, Seymour, while not winners of the highest prizes awarded by the retail merchants through Appleton Chamber of Commerce have established records for themselves as pig raisers. Five classes of prizes of $10, $5, $3, $2 50 and $1 each were awarded to about 30 boys and girls, and the foregoing boys were fourth in the list, winning $3 prizes.

Harold Roepcke selected the largest pig of a litter of Duroc Jerseys and by consistent feeding raised a heavy weight that brought the boy $15 as first prize at the Seymour fair. The pig also won fifth place in the open class at the state fair It was sold on Nov 1 at the flattering price of $30 The boy is already planning his work for next year He intends to raise two or more pigs of different breeds as an experiment The boy is 13 years old

EARNED FIRST PIG

The training of Lewis Letts 13 as a pig raiser began earlier than this year In 1922 according to story he tells in his record book, he received a pig from his uncle as pay for cleaning out his stables that year It was a cross between a Duroc Jersey and a Chester White The boy promised his father, F O Letts that he would raise the pork for him if the following spring he would buy him a registered Chester White sow He agreed.

"That fall we dressed the porker" the boy said "and it dressed 257 pounds after eight months of feeding The next spring I got the sow She had two litters of eleven pigs The first lot I sold for $18, the second lot this spring, for $25 To pay for the feed for the sow for the first year, I gave my father two little pigs in exchange Out of her last litter I saved Topsy, so I did not have to pay for her I sold her to my father for $12"

Winners of the $5 prizes were Karl Schneider, 10, Black Creek, and Harold Greinert 13 Hortonville The latter bought a Duroc Jersey because he believes it a hardier breed and kept in pasture all summer because of the dilemmas to be gained from pasturage The feed cost him $5 17, and at the time of the report the pig was worth $15 therefore he calculated a profit of $9

LOST ONE PIG

Karl Schneider suffered a loss of $6 40 because he was raising two pigs, one of which became sick But he did well with the other He bought a Poland China from his father, but at the suggestion of his father he also obtained a Chester White. At first the Poland China pig was in the lead but later it took sick and did not grow normally The boy kept a good record of the rations fed and the progress in the pigs' growth

A healthy gain in weight was noted for the pig raised by Esther Nelson 11 of Bear Creek She chose a Chester White for her experiment in pig raising The pig gained 40 pounds in October and 47 pounds in November, which brought it up to 235 pounds at the end of November The pig weighed 15 pounds when she got it

Iona Kuhre, 12 Hortonville, was the eleventh to win a $10 prize The pig was a purebred Poland China bought from another pig club member in June She paid $8 for it and on Oct 20 it was worth $25 for that was the price she was offered for it

SONORADIO LINE FILLS DEMAND FOR RADIO, PHONOGRAPH

Sonora Phonographs and Radios Are Combined in Single Instrument

Overwhelming demand for an instrument which will bring to the user the better features of both radio and phonograph, has resulted in the production of the Sonoradio line—Sonora Phonographs and radio all in one. Now you have either phonograph or radio entertainment, whichever you wish, when you want it

The Sonoradio model 242, at $225, is a truly exceptional value For this moderate price you obtain a high quality Sonora Period Phonograph together with a three tube neutrodyne receiving set, dry cell operated Batteries are enclosed and there is ample space for records Changing from phonograph to radio is only a matter of a moment—as simple as changing a needle. Here, in deed, is the ideal instrument for the modern home.

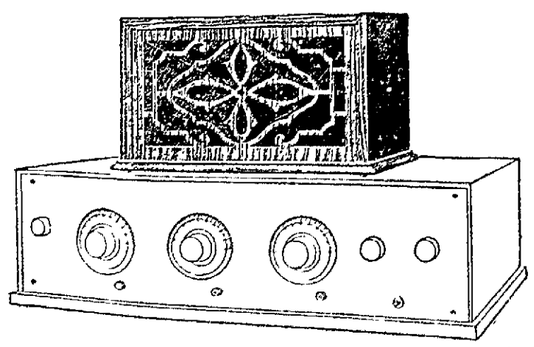

Sonoradio model 242 is a veritable treasure chest of entertainment. All the vast libraries of recorded music; all the wonderful features that are nightly on the air, will be yours to command And because sounds from both phonograph and radio are reproduced through the famous Sonora "clear as a bell" tone passage this versatile entertainment will come to you with exquisite clarity and sconance and wide volume unobtainable on the ordinary loud speaker

Then, too, there is the Sonoradio model 241, a beautiful period phonograph housing a five tube radio set of splendid efficiency and high selectivity This model is truly the last word in radio and phonograph units, embodying the finest features of both. Those desiring such an instrument will find the model 241 all that can be desired This radio speaker is built by the makers of the famous Sonora Phonograph These men are experts in the creation of clear, bell-like tone reproduction. All the thought, labor and experience of years spent in the production of the world's sweetest toned phonograph has gone into the development of the Sonora Radio Speaker. It reproduces with a fidelity to the broadcaster's every shading and inflexion that is positively astounding. While the volume is large, round and sonorous, yet there is an entire absence of blast and distortion.

Sonora, Sonoradio, and also Radio Speakers are sold by the Meyer-Seeger Music Co

To stop microphonic noises in tubes, such as that heard in the phones when a pencil is dropped on the radio table put sockets on sponge rubber and use flexible leads to them A piece of felt under the set will serve the purpose also

There are more than 3 000 manufacturers of radio supplies in the United States.

CALL ON EXPERTS TO CORRECT RADIO

Radio Service Co. Always at Command When Set Goes Wrong

If some night your radio does not work exactly right, and you cannot tune in the stations you want, with the usual volume it is best to check over your set and find the trouble. Or better yet call an expert who is familiar with receiving set. The Radio Service Co. is always at your command.

There are any number of things that can go wrong with your set Possibly the B batteries are weak, if so—when you need a new set. Or it may be that oyur tubes are not up to standard. It is best to have them tested or purchase Radiotrons or Cunningham tubes from us.

We recommend Vesta radio A batteries for good reception, and also have the Battery chargers which are essential to all radio owners. It is best to have a charger of your own so that you can keep your battery fully charged. We also have the N and K Loud Speakers selling for only $27 50, the Magnavox at $25 and $30 and also the Musette at $12 50. We have a large selection of loud speakers for you to choose from, including the Radiolamps and the Music Master at $35. each.

For amateurs we have a head-phone that is guaranteed for one year. If this is not satisfactory you can bring back the receivers and get the cost price which is only $2 95.

Our large stock includes a complete line of radio apparatus with condensers, rheostats and protecto tubes, so that you can not blow out your tubes. We also have lightning arresters and in fact any thing you can ask for—either to build a set or to improve your present receivers. The Geroud and Echophone sets are also carried in stock at all times For any information or service just call 539 and ask for Mr. H Weimar of the Radio Service Co.

To cut a large circular hole in a panel drill a circle of holes, close, but not uncomfortably close together, with a No. 27 drill, then drill out with a No 19 drill Dress up with a half-round file.

Railroad men around New York are appealing to the broadcasting stations to continue their programs through early morning, for their benefit.

RADIOLA LASTING MUSIC INSTRUMENT

Here is a musical instrument worthy of a distinguished place in the world of musical art. An instrument you can buy with positive assurance of lasting satisfaction and permanency.

It combines the Brunswick Method of Reproduction with the notably outstanding equipment of the Radio Corporation of of America

It is the joint achievement two noted research laboratories—those of the Brunswick laboratories in music, those of the Radio Corporation of America, to whom the most noteworthy advancements of radio are traced universally.

The world's outstanding radio combined with the supreme in reproduction. Hence—radio with a new depth of tone, with the musical quality of a fine musical instrument. It is a radio and a phonograph in one. At a turn of a lever all the world of music, entertainment, the mysteries of the air brought into your home Another turn, and here are your favorite selections, your favorite records played as only a Brunswick can play them.

Many different types and styles have been developed Some embody the noted Radiola Super-Heterodyne Others, the Radiola Regenoflex, the Radiola Nos. III and III-A.

The Brunswick Radiola Super-Heterodyne requires no outside antennae—no ground wires. Move it from room to room—plays wherever you place it

Amazing selectivity, permitting you to "cut out" what you don't want to hear and pick out instantly wha you do consider what this means.

Combines the superlative in radio with the superlative in phonograph reproduction—a phonograph and a radio in one.

Brunswick Radiolas of various types are now on display at Irving Zuehlke's New Music Store.

If you use an iron pipe driven into the earth for a ground, improve it as a conductor by pouring a gallon of copper sulphate solution around the pipe. This will also prevent the pipe from corroding.

Instead of the twisted loop method, tap a coil by slipping a "O. K" paper fastener over the bared wire and soldering it Mica put under the wire temporarily will keep the iron from burning it

HEALTH MEASURES PREVENT SPREAD OF SMALLPOX HERE

Fifteen Cases Now Are in Quarantine—Only One New One Found

The smallpox epidemic in Appleton while showing no signs of abatement, is not spreading, according to an announcement from the health department. Two cases were released from quarantine on Saturday which reduced the number of quarantined homes to 15, but another case on Monday brought the total back to 15. The number of quarantined homes has never gone higher than 17.

Scores of school children were sent home from schools at the reopening Monday morning because the pupils had failed to bring certificates of vaccination. Some of the children had been vaccinated but had received no certificates from their physicians. Pupils on whom the vaccination had been unsuccessful were advised to become vaccinated again.

Orders were issued by the city health commissioner that the quarantine of homes should be absolute and that no one should be permitted to ingress and egress. The dangers that result from violation of that rule is seen in the circumstance of a high school pupil who, though vaccinated as soon as contagion broke out in the home contracted the disease. The patients should be isolated from the rest of the family as much as possible it is pointed out.

VETERANS RECEIVE BONUS POLICIES

Adjusted compensation certificates for men who served in the World war are beginning to arrive here from Washington. Those who had more than 60 days' credit toward the compensation receive endowment insurance policies and those serving only a short time are given checks. The latter, however, will not be mailed until March 1.

Handsomely engraved certificates are given each veteran. They are printed on the same kind of paper as is used for currency, and they resemble liberty bonds in appearance. The face value of the insurance policy is stated and a table given showing its loan value each year it is in force.

These certificates run for 20 years, when the amount of the policy will be paid to the veteran in cash.

OHIO BUSINESSMAN IS PUT ON COLLEGE FACULTY

Alfred G. Beuhler of Toledo, Ohio, is the new assistant instructor in the college commerce department, taking the place of Prof Clarence L. Dyson, resigned. Mr. Dyson will do special accountant work with headquarters in Appleton.

Prof. Beuhler received his A. B. degree in Heidelberg, Ohio, and the degree of master in business administration from Yale university. He has supplemented his collegiate training with actual business experience in retail store management and as assistant manager of the Bell Telephone system in Toledo.

He will take Mr Dyson's work in advertising and also will teach next quarter classes in marketing, retail store management, and statistical control.

ORDER SEIZED PROPERTY RESTORED TO GERMANS

By Associated Press

Washington, D. C.—Seizure during the war of the property of a corporation organized under British law, but in which a majority of the capital stock was owned by Germans, was held unlawful Monday by the supreme court.

The decision was in the case of the firm of Bohn, Meyer and Co., incorporated under the laws of the British Straits Settlements and owning property in the Philippines. The court ordered the property returned to its owners.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about $2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle, then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for healing the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

SORE ARM STUDENTS GO BACK TO WORK

College Chapel Period Is Changed from 9 to 10 O'clock in the Morning

With many sore arms resulting from vaccination during the holidays as ordered by the city health department, Lawrence students begin the work of the second quarter Monday. Registration was Friday and Saturday, at which time a certificate of vaccination had to be presented by each student. A few cases of illness were reported resulting from the inoculation but nothing serious has developed.

The most noticeable change in campus routine is the switching of the chapel daily assembly from 9 to 10 o'clock.

"There are two reasons for this action," said Dr. Wilson S. Naylor, acting president. "The 10 o'clock hour is the busiest of the day and at that time there are more students on the campus than at any other. It is the most convenient time to hold the assembly. Secondly, the 10 o'clock period breaks the morning into two equal periods. This provides a period of relaxation from concentration for those students who have classes all morning. Chapel at an earlier hour did not do this."

REMODEL MEZZANINE FLOOR IN COURTROOM

Alterations are being made on the mezzanine floor of the circuit court room in the courthouse. French doors, windows and transoms are being built at the railing, separating the passage from the rest of the courtroom. It is believed this will improve the acoustics. At times it has been quite difficult to hear the testimony of the witnesses. To overcome the obstacles the judge's desk some years ago was moved from the west to the north wall, and a sound board was erected between the desk and the windows. The work on the balcony is being done by W. A. Nimmer of Kaukauna, and the lumber is furnished by the Kaukauna Lumber company.

MEET TO PLAN SCOUT ACTIVITIES FOR 1925

Organization of the 1925 council and outlining of activities will be the chief topics discussed at the monthly meeting of the executive committee of Valley council, Boy Scouts of America, at 8 o'clock Tuesday evening at the headquarters in Insurance-bldg.

The committee also will make further plans to promote the scout leaders' training course scheduled early in February. Representatives will be present from Appleton, Neenah-Menasha, Kimberly, Little Chute and Kaukauna.

TWO NEW COUNTY OFFICERS START ON 2-YEAR TERMS

Schwartz Becomes Sheriff and Schindler Starts as Surveyor

Two changes became effective in the county administration on Monday. Otto H. Zuehlke who has served the county the last two years as sheriff retired in favor of Peter G. Schwartz who was elected for the second time last fall. Earl Schwartz, son of the sheriff will again serve as undersheriff. He succeeds Otto Wickert who held the office the greater part of the last term.

L. M. Schindler, surveyor-elect, has not yet qualified for office owing to a delay in furnishing bonds. For that reason Frank M. Charlesworth is holding over until his successor qualifies. A meeting of the committee will be held on Tuesday to examine officers' bonds.

All other county officers, John E. Hantschel, county clerk, Miss Marie Ziegenhagen, treasurer, Harry A. Shannon, clerk of court, A. G. Koch, register of deeds, John A. Lonsdorf district attorney who were reelected last fall started on their new terms Monday. The following deputy officers were reappointed: Miss Mollie Pfeffer, deputy clerk; Sydney Shannon, deputy clerk of court, Miss Louise Pauly and Mrs. Herbert Gresenz, each deputy register of deeds.

Sheriff Schwartz' list of deputy sheriffs has not yet been completed.

400 HEAR LECTURE AT M. E. CHURCH

About 400 persons attended the illustrated lecture given by Dr. J. R. Denyes Sunday evening in Methodist Episcopal church. The pictures about which Dr. Denyes talked were some of those he had made while working among the Javanese. He used only those taken on the island of Java. The pictures dealt with the religious beliefs, customs and the christian influence among these peoples.

The quartet sang several numbers throughout the evening and Mrs. Oscar Adler sang a solo.

The Einstein CLOAK & SUIT CO.

The Pathway of Fools

WHEN Jim Hamilton married Ruth Mason, they had little to "go on" but love. Then riches came.

They moved to New York. Jim became instantly popular—especially with women. One, an exquisite creature, fascinated him. She seemed to possess every grace, every refinement, that Ruth did not.

And this is just the bare beginning of a most heart-gripping life-drama. Did Jim remember the little wife who had devoted herself to him body and soul? Did she surrender him to the "other woman"—or did she battle tirelessly, fiercely, savagely, to hold her mate?

Only Jim himself, can bring you a clear picture of this terrible crisis in his life. He bares his soul completely, stripping it of every shred of concealment.

"When Riches Come," as it is entitled, is really a man's love story written for women. Nothing exactly like it, that we know of, has ever before appeared in print. It is one of the big features in the February issue of True Story Magazine. Don't miss it! On the newsstands *today*.

"You fool! What did you think I married you for? Your good looks? Your personality?" She laughed —a mocking laugh, that made my over-taut nerves quiver.

—from "When Riches Come" in February True Story

Other Heart-Stirring Stories in the February Issue are:

"The Price of Fame"—Nellie wanted to become a great actress. Like hundreds she hoped to become a star. She did not dream of the price exacted for fame. A powerful story every girl should read.

"The Evil Men Do"—When Evelyn became private secretary to the great Enoch Blair, his interest in her set her head in a whirl. Suddenly she found herself in the grip of a mad adventure from which she seemed powerless to escape—a startling chapter of real life.

"Human Wreckage"—When he married Helen Kirke, he thought his happiness was complete. Then he met Olga Harmon, a famous dancer. Came a moment of madness when wife, home, honor, were forgotten. A masterpiece in the true-life stories of men.

A Letter from the Heart of an Indiana Social Worker

Editor, "True Story"—Dear Sir:

I am assistant matron in a school for delinquent girls in a small Indiana town. Each evening we have reading for the inmates. A week ago I purchased a copy of "True Story" Magazine. It was the first one I have ever read and I have no words with which to explain my surprise at the value of this book.

Tonight I took this book into the girls' dormitory and I told them I wanted to read them a story. I turned to the one in the September issue entitled "Her Birthright." As I read the arms of one of the girls nearest me went around my neck, and I felt her body shudder. There were sobs through the little audience, and when I had finished, all wanted to talk at once. One of them said, "Oh, Mrs. — —, if I had only had that book a year ago, I would not be here today a disgrace, the mother of a baby without a name and I only seventeen." Another little girl, she is only fifteen and will become a mother in a couple of months, cried as if her heart would break and uttered a short prayer for this girl and for her sisters in this home.

So I have made this resolve. Each month, not one, but three or four magazines will be placed with these girls so they can read them themselves. What they get from these wonderful true stories will give them heart to live their days here, but the greatest good they will reap from them will be when they have served their time here and are again put out into the cold world to go the right path or the wrong. But so great is my belief in "True Story" that I fervently believe they could not possibly step from the narrow road again as long as they read the stories in this book, and they say they can hardly wait until the October issue is out.

Sincerely yours,

In the Same Issue:

"The Tell-Tale Tattoo" — "Up from Nowhere"
"Through the Flame" — "Her Fighting Mate"
"As God Intended" — "Just in Time"

Skaters Urged To Rush Entries In Annual Tourney

Only Seven Applications Received Up to Monday Evening With 11 Days to Go

Up to Monday evening but seven entries had been received for the third annual Post Crescent skating tournament although a week had passed since the meet was announced and the first blanks printed in the Post Crescent.

Miss Ella Nickasch who last season took first place in the 440 yard dash for junior girls, is the only entry in the senior girls races thus far. Peter King, Rudolph Haase and Marcus Mc Ginty are entered in the junior boys contests Claude Rogers is the only one entered in the intermediate boys class and Beach Wolfgram and Joseph Rettler have entered the events for senior men.

This makes an average of one entry a day. If they continue to come in at that rate up to Jan 15 when the lists will be closed there will be only 18 entries. Most of the skaters who plan to enter apparently are putting it off until the last minute or waiting to see whether their friends will go in Last season a number of entries came in almost at the last minute causing considerable confusion All those who intend to try for the prizes are urged once more to fill out their applications and mail or bring them in as soon as possible.

Last years winners set a number of high marks for their successors to shoot at Some of the records almost equalled those set in the state tournament at Milwaukee which was run off at almost the same time Among these was the mark set up by Elroy Sharp in winning the 440 yard dash for senior men which he did in 41 seconds flat His time in the mile, 3 minutes and 30 seconds almost equalled that of the state winner, and some of the gals were within a few seconds of the Milwaukee records.

Following is the complete list of last year s winners and their time

Mile race for senior men—Percy Shary, 3 minutes 30 seconds

440-yard race, senior men—Percy Sharp, 41 seconds

220 yard dash, senior men—Percy Sharp, 24.4 seconds

880 yard race senior girls—Bertha Bell, 2 minutes 2o seconds

220-yard dash senior girls—Bertha Bell, 30 6 seconds

880-yard race, intermediate boys — Clement Kitzinger, 1 minute, 44 2 seconds

440 yard dash for intermediate boys —Beach Wolfgram, 50 2 seconds

440 yard dash for junior girls—Ella Nickasch, 1 minute flat.

220 yard dash for junior girls — Helen Wolf 31 seconds

440 yard dash for junior boys — Charles Schaefer 52 seconds

220-yard dash for junior boys — Thomas Stilp

VOCATIONAL FIVE LOSES TWO STARS

Appleton Schoolers Badly Handicapped on Eve of Game With Fond du Lac

On the eve of their most important game of the season. Appleton Vocational school cagers have been weakened by the loss of two regulars and prospects of beating Fond du Lac here Friday are slumping somewhat Horn, star guard, is ill and Weiland was injured in a practice game Friday evening The cagers have redoubled their drill to offset these losses, and under the coaching of Eddie Packard of Lawrence college are working back to their old form.

The prospective lineup against Fond du Lac will include L. Christen and Krabbe as guards, Muenster and Meltz as forwards and Reetz as center A number of substitutes are showing good form and will be given a chance to get into the game

Pep meetings have been in progress for several days and it looks as though a large crowd of rooters will be on hand when Fond du Lac comes to town Cheers and yells have been formulated and the quintete has the full support of the school.

Turn Batters Prefer To Hit Left Handed

New York—In the major leagues there are a very limited number of players who bat equally well right or left handed.

Batters of this type are much more in evidence in the National than the American Among them being Frankie Frisch Max Carey, Walter Holke, Dave Bancroft and others

In the American League, Lu Blue, first baseman of the Detroit Tygers, and Catcher Wally Schang of the New York Yankees are the two outstanding players who shift to either side of the plate

It is an interesting fact that every one of the players who hit either way much prefer to hit from the left side of the plate.

KIMBERLY QUINT OUTPLAYS STRONG CO. I FIVE, 34-19

Athletics Display Most Brilliant Form of Season to Swamp Guardsmen

By Special Correspondent

Kimberly — Any lingering doubt as to the strength of the Kimberly Athletics on the caging floor were removed when the defeated the Co. I quintet of Neenah, 34 to 19, at Kimberly Monday evening. The Guardsmen were outclassed completely, and the first half ended with the Athletics leading, 16 to 9. The second half was a furious battle. Neenah cut down the lead to five points by a desperate spurt, but the Kimberly five kept a tight defense and did not allow its offense to slump while holding its rivals back

Koll and Loose at forwards played in their usual form, Koll caging five baskets and a free throw and Loose four baskets and one free throw. Cooke, former Lawrence star, shone at center His floorwork was especially brilliant Scheurle and Boettcher, guards, displayed a brilliant passing attack and stopped the Neenah offense dead, itnercepting the ball time after time to chase it down the floor and under the basket. Cooke made one basket, Scheurle sunk four and Boettcher two

While the individual work of the Kimberly players was brilliant it was due to their concerted team work that they won the game

Madsen and Chapelle, Neenah stars at forwards, were the mainstay of their five Christoph looked good at center, but Cooke's brilliant play gave him little chance to do his stuff.

The game was one of the fastest and most furious ever seen on the Kimberly court. Very few fouls occurred to mar it, and the crowd of fans which witnessed it was in an uproar from start to finish

Gebhardt of the Appleton Y. M. C A was referee

Preceding the Neenah-Kimberly game, Superintendents a volley-ball team of the Kimberly-Clark mills, dropped the first of three games to the Superintendents of the Neenah mills, but recovered to take the final brace and the match Kimberly lost the first, 15 to 7, bt took the next two, 10 to 8 and 15 to 13

Bantam Champ

EDDIE MARTIN

Fistic honors came quickly to Eddie 'Cannonball" Martin, new bantam champion

Martin has been fighting only a little over two years as a professional. He losth is first two bouts but has been a consistent winner ever since

As a youngster he had two ambitions, one was to emulate Terry McGovern, the other to become a famous big leaguer like Rabbit Maranville. He succeeded in the first.

Martin is an aggressive fighter, says he intends to defend his title and should be a popular champion

MARQUETTE FACES CREIGHTON AND DEPAUW QUINTETS

Milwaukee Fans Look for Two Good Hilltop Contests This Week

Milwaukee — Milwaukee basketball fans are looking forward to two choice games this week, with Coach Frank J. Murray's Marquette university quintet facing two teams of national prominence in the local gymnasium De Pauw university of Greencastle, Ind., will be here Jan. 7, while the Creighton university Bluejays will appear in Milwaukee, Jan. 10.

Though defeated in their last two games, against Butler and Iowa the Marquette quintet played much better than had been predicted and will be in good shape to offer De Pauw and Creighton strong opposition The Hilltoppers have been working hard since the Iowa game with about 15 men practicing

Coach Guy Morrison at De Pauw is working almost entirely with new material but is meeting with success and has developed a team which ranks high in Indiana "Tiny" Hirt the Hoosier guard is the only veteran and is captain of the invaders De Pauw opened its season after having had little practice, by dropping a close game to Illinois, 27 to 23

After the Creighton game, the Marquette team hits the road, playing Millikin at Decatur, Ill., Jan 16 and Concordia at St Louis

APPLETON POINTS FOR OSHKOSH TILT

Orange Cagers Gain Confidence from Defeat of Sheboygan Highs

With one victorious game behind them Appleton high school cagers are looking forward to the invasion of Oshkosh here on Friday, Jan 9, with high hopes Before they defeated Sheboygan 20 to 15 last week, basketball prospects looked somewhat gloomy with most of the cagers new and untried but the showing made at the Chair City lifted the cloud somewhat

Far from causing the Orange youngsters to let up on their workouts, their victory has redoubled their efforts and has filled them with pep They have gained the confidence which was lacking earlier in the season but realize that in Oshkosh they will have a hard team to beat and are doing their best to get set for the fray

BRETTSCHNEIDERS TAKE MATCH FROM VISITORS

Brettschneider Furnitures Monday night took three straight games from the Soda Grills of New London here rolling 2 830 to 2,673 for the visitors If Horn toppled 631 pins for the Furnitures which put him on top while Bill Groth, leadoff man crashed through the wood for 605 Horn's 258 was high game for the evening G Timos, his team mate, rolled 22a in his second game, and Bill Groth was third with 213 E Meiklejohn of New London was high man for his team with 206 in his second game

The scores

New Haven — Yale and Pennsylvania will resume football relations, suspended since 1893, with a game at New Haven Oct 17, according to Yale's schedule.

Every Coach Gives Grange High Honors

'Red' Grange of Illinois enjoys a distinction that probably has never been bestowed upon any other football player

He is the unanimous choice of every football critic and every coach that has picked an All America team for the season of 1924.

Two sports magazines selected their All America team from a consensus of about 400 coaches, each magazine receiving a reply from about 200 of the leading football directors

Grange is the only player selected by every one of the 400 coaches Incidentally every football writer in the country placed Grange at one of the halfback positions

Surely there is no denying his right to an All America berth

BAR BELOIT STAR FROM CAGE QUINT

Beloit — Announcement came from the Beloit college athletic officers late Monday that Baldy McGaw, star guard on the basketball team for the last three years, captain of the 1924 team, the one that captured the mid west and "little five" basketball championships for the third successive season and tar guard and tackle on the football team, has been declared ineligible because of scholarship prospect. and Obrien, a veteran of last year, were also hit by the ban

Beloit has only two veterans Capt Watson and Vondrashek from his 1924 team He is grooming two light forwards, Garrigan and Depau for taose posts and will probably use Vandolah or Fossebo at McGaw's guard The first game is with Kalamazoo college here on Saturday afternoon. Beloit has won 41 conference games and has not met a defeat in the conference in the last three seasons

SPORT VIEWS AND NEWS

Appleton sprung a surprise on Sheboygan last week when the Orange cagers invaded the Chair city and treated its cagers to a 20 to 15 drubbing. The Appleton quintet started the season under a cloud of gloom with but one veteran regular in its ranks but some of last years second stringers came through in fine shape and upset all the dope

Myrtle Basing appears to be a popular official in valley basketball circles The former Appleton high school and Lawrence college star has been chosen to referee both the Oshkosh Fond du Lac high school games this season As these are regarded as two of the hardest and most important games of the conference 'Razz' has a right to consider himself highly honored

Stalling in basketball is the subject of hot controversy after almost every important game everywhere This maneuver seems to be extremely unpopular with fans There is no way for the referee to stop it unless the stalling team muffs the ball and it held ball results Some experts record this phase of basketball as perfectly good form The game is not played for spectators, and in reality stalling requires more skill than is needed to play the ordinary game

Comments by outside fans often teach home enthusiasts better to appreciate their teams This is true both of Appleon high school and Lawrence college Visitors remark upon the pivoting, faking the ball and clean arching of shots practiced by both teams but most of all on the excellent team work. There is little grandstanding they say, and every man has only the interests of the whole team at heart

Youngstown, O. — Carl Tremaine Cleveland bantamweight, outpointed Frankie Easano New York, in twelve rounds

NURMI WILL RACE IN DOUBLE EVENT ON INDOOR TRACK

Finnish Star Faces Hardest Test of History in American Debut

New York—Paavo Nurmi, greatest of the world's runners at 1,500, 3,0 and 5,000 meters on cinder tracks, a reputation established at the Olympic games at Paris last summer awaits the crack of the pistol in his first indoor event at Madison Square Garden Tuesday night in the Finnish American Athletic club meeting

Joe Ray of Chicago and Jimmy Connolly will be among his opponents in the mile event early in the evening and Willie Ritola a countryman, will be in the 5 000 meter field at 11 o' clock. Never did a runner face a greater test than this—two races in one night on an indoor track to which he is unaccustomed against superb athletes.

Against Ray, considered by Americans the greatest of indoor milers, Nurmi must show his best speed over the shorter distance Ray, although he has declared that he needs another week of conditioning, is supremely confident Connolly, collegiate champion while a student at Georgetown covered the distance in 4 minutes 19 tour fifth seconds a few nights ago at Buffalo

Despite Nurmi s ability to withstand the rigors of two events in one day, demonstrated on several occasions Americans look for the most stirring competition the Finn has ever known a gruelling test of stamina

BURNSIDE WINS HIGH HONORS IN BOWLING

"Y" Swimmers Get Ready For Aquatic Meets

With two aquating meets in prospect, swimmers and divers of the Appleton Y. M C. A. Wednesday will start training for competition with Lawrence and the Fond du Lac Y. M C. A. on dates which as yet are undecided An aquatic club has been formed which will meet every Wednesday evening in the Y. M. C. A. pool to work out undr the direction of Jule Kevin, head coach of Appleton high school.

The best men who appear for these workouts will be chosen to meet outside teams, and if the two meets already scheduled prove successful, others also will be arranged.

RASEY CHARGES POLITICS AS HE RESIGNS POSITION

High School Principal Says Schools Are Endangered by Political Maneuvers

participation in underground methods of political manipulations.

NAME NEW COMMITTEE

"The outstanding example of political manipulation was that of the appointment of the committee on teachers and texts. When that most important of standing committees was appointed at the first meeting of the school year, it was appointed in accordance with the previous policies and practice of the board. At the next meeting, however, the committee was dismissed. Four new members had recently come onto the board and every one of those new members was put on the committee. Protest was made at that time, but Mr. Packard who had been named the new chairman of the committee supported the president of the board and the committee was duly appointed. This was not a clever political maneuver. It doesn't look right on the face of things to appoint a standing committee to serve for the year and then in a month to dismiss the committee and appoint a new one which a few months later does exactly the things that it was expected to do.

RESENT METHODS

"That is an example of the things that go on underneath. There is an air of secrecy about much of school board procedure which is felt definitely by several of the older members who are left out of the councils. This spirit and method is entirely new to the board of education this year.

"The second point I will mention very briefly deals with the undignified and unfair methods that have been used during the discussion of the selection of a superintendent of schools. At least three distinct falsehoods have been used against me during this discussion: and other statements of a malign nature made for the sake of implication have had some circulation.

"The third point I shall mention deals with the attitude that certain new members have regarding the ability of the old board of education and regarding me. There has been a definite opinion that the old board of education was insufficient in its accomplishments. The answer to that criticism as it concerns the members who retired last summer is to name those men: Paul V. Carey, Henry Reuter, A. G. Koch and J. H. Harbeck. It has been said by one of the new board members in speaking of old members now sitting on the board. 'He has no influence anyway.' of another. 'He holds a city job and will do as he's told.' of another. 'You don't have to consider him.' Etc. Such attitudes and such statements coming from new members of the board concerning members who have been earnest and efficient are unbecoming to say the least. Again this is a new spirit in the board of education. Such remarks have not been made until the last few months by any board member. So far as such opinions refer to me. I shall make no statement; the vindictive feeling on the part of one or two members needs no further discussion.

NOT ON DEFENSE

"I do have this personal statement to make in the matter; namely that I do not intend to be put on the defensive. The work that I have done in the Appleton school system makes it unnecessary for me to assume any such position. I have maintained the high school at a high standard of efficiency. There is an excellent corps of teachers. The instruction is strong in every department. Our students are well prepared for the work they intend to do. The dean of freshmen at Lawrence can tell you of the high regard in which Appleton high school graduates are held there: recently we have learned that at the University of Wisconsin, two boys, graduates of last year's class, ranked highest of any students among the 360 freshmen in the University of Wisconsin engineering school.

"In support of these statements about the high school, I will call your attention to a section of the report of the state superintendent made on last March 25. 'It has been the policy of your board to delegate large authority with corresponding responsibility for administration to your principal. The results are abundant justification for this policy. The supervisor reports that under the efficient administration of Mr. Rasey your high school is in excellent condition from every standpoint. The spirit of cooperation and good feeling exists not only among the teachers, but throughout the student body and is a matter of congratulation to your board. The fine spirit and school morale which was observed is not exceeded in any other school which the supervisor has visited.'

POINTS TO SAVING

"The work has been maintained at a marked reduction in cost. There has been a saving of at least $20,000 per year in the operation of the school as compared with the operating cost that I found five years ago when I became principal. This does not consider the saving in rent. When you consider that rooms were rented in 1919-20 for 65 students when the enrollment was 627, and that no rent has been paid since I became principal through the enrollment has increased to 1,080, you may realize that the saving in that regard is no small item.

"In appreciation of my work, the board of education last spring handed me the following statement: 'That members of the board of education are unanimously agreed that they fully appreciate the services of Principal Lee C. Rasey in reorganizing the high school in such a manner that he has made it possible to carry on its work with high efficiency, in spite of the greatly overcrowded condition of the school; that they also fully appreciate his great services in bringing about the establishment of junior high schools and his services in the preparation of the plans and inauguration thereof; that they also are convinced that he is pre-eminently fitted to be at the head of the school system of the city.'

EVIL HAS BEEN DONE

"In view of the circumstances it unnecessary for me to assume any defense or to attempt to placate members of the board of education, who have no sound grievance. I assure you that I take no little pride in the fact that I never attempted to remain in the good graces of any member of the board of education through means of deceit or guile or by trying to curry favor. I have been open and direct in my dealings with the board of education, with teachers, students and the citizens of Appleton while in the conduct of my office. In spite of the fact that conditions are satisfactory and that no truthful valid reason has been given for raising this issue, the fact is that a few members of the board have succeeded in creating a situation entirely bad. There can be no immediate remedy; the evil has been done, and for a long time to come the schools of Appleton will suffer the result. Some good can come if by this the people of the city will assure themselves that in the future no one will be allowed to tamper with the schools in order that he may satisfy some selfish purpose.

"It is efforts of this order constantly threatening men in school work that more than any other thing lead them to engage in other fields of endeavor. In justice to my own future welfare I have decided to have no further part in this matter and hereby offer my resignation as an employe of the board of education to take effect at the expiration of my present contract."

FIRST WARD WANTS RASEY BUT BOARD WON'T HEAR THEM

Petition on School Superintendency It Adopted at P-T Meeting

First ward parents, at a meeting of First Ward Parent-Teachers association in the ward school Monday night, adopted a resolution by a vote of 110 to 25 urging the election of Lee C. Rasey as superintendent of schools, but the petition and essel to the board of education, was not accepted by that body. The board refused to admit the committee carrying the resolution nor would it permit the resolution to be read.

This matter was brought up at the business session of the association and Henry W. Tuttrup Dr. A. E. Rector and H. L. Davis were appointed as a committee to prepare a resolution memorializing the board of education and the First ward representatives on the board to use their efforts to have Mr. Rasey elected. A rising vote was taken when the resolution was submitted and the count was 110 in favor of passage and 25 against. There were a number in the schoolroom who did not vote either way.

The committee which wrote the resolution was instructed to go to the high school and present it to the board, but encountered opposition. Word was sent to Mayor John Goodland, Jr., chairman, and he said the committee would not be received or the resolution read unless the board was favorable to such action. George H. Packard, one of the First ward representatives on the board, objected to having the communication presented. He was sustained by the chairman and the committee was turned away.

Mr. Packard said he refused to hear the resolution because it was a political move on the part of a group of First ward persons. He said he knew what was in the paper without opening it. The committee happened to arrive just when a motion had been made to elect Ben J. Rohan as superintendent.

The resolution reads:

Whereas, Lee C. Rasey has served the city of Appleton for a number of years with distinguished ability as principal of its high school, and

Whereas, during the period when the city has had under way the junior high school project Mr. Rasey has been of very valuable assistance to the high school board and to the city of Appleton, rendering services which have proved most valuable, and

Whereas, he has proved himself to be a fine executive, a capable administrator and an educator of exceptional ability, now therefore

We, parents and voters of the First school district in meeting assembled, hereby declare that in all of the above mentioned matters Mr. Rasey has our full confidence; and

Because of his valuable services already rendered, and because of our belief that the school system of the city of Appleton will be very ably administered under his direction, now therefore be it

Resolved, that it is the sense of this meeting that Mr. Rasey is worthy of first consideration for the position of city superintendent of schools, and at a salary not less than that which he is at the present time receiving as principal of the high school, and we recommend to the board of education its favorable consideration of Mr. Rasey for that position.

We further petition the elected representatives of the First school district to exercise their best efforts in behalf of the election of Mr. Rasey to that position.

Further, resolved, that a copy of these resolutions be transmitted at once to the board of education now in session at the high school.

Evening supervision of the First ward skating rink was discussed by the Parent-Teachers association and a committee was appointed consisting of L. J. Sensenbrenner, Mrs. R. K. Wolter and E. E. Sager. The situation is to be studied and recommendations made at the next meeting.

This question was one which Prof. F. M. Ingler of Lawrence college referred to in an address during the meeting on the Value of Parent-Teachers associations. He told of a questionaire he had sent out over the state on this subject, mentioned the work other places were doing and described activities which came within the association's scope.

Piano solos were furnished by Miss Catherine Russell and a vocal solo by Mrs. Albert Millen. A social hour followed.

Aspirin Gargle in Tonsilitis

Cut This Out and Save if Subject to Sore Throat

A harmless and effective gargle is to dissolve two Bayer Tablets of Aspirin in four tablespoonfuls of water, and gargle throat thoroughly. Repeat in two hours if necessary.

Be sure you use only the genuine Bayer Tablets of Aspirin, marked with the Bayer Cross, which can be had in tin boxes of twelve tablets for few cents. adv.

LEGAL NOTICES

STATE OF WISCONSIN, In Municipal Court for Outagamie County

Joseph J. Schwabenlender, also known as Joseph T. Schwabenlender, Plaintiff,

Vs.

Annie Despins and Edwin Despins, her husband; and Kaukauna Lumber and Manufacturing Co., also known as Kaukauna Manufacturing Co., Defendant.

By virtue of and pursuant to a judgment of foreclosure duly rendered in the above entitled action and entered in the office of the clerk of the Municipal Court in and for said county, on the 2nd day of November A. D. 1923, the sheriff of said county was duly authorized and required to sell the mortgaged premises therein described to satisfy the amount due the plaintiff under said judgment, together with interest and costs of sale as provided by law.

Now therefore, I, Otto Zuehlke, sheriff of said county do hereby give notice that pursuant to said judgment of foreclosure, I will sell at public auction to the highest and best bidder at my office in the court house in the city of Appleton, Outagamie County, Wisconsin, on the 30th day of January A. D. 1925, at 10 o'clock in the forenoon of that day, the real estate and mortgaged premises directed by said judgment to be sold and thereinn described as follows: The southwest quarter of the southwest quarter and lot three in section number seventeen (17) in township number twenty-one (21) north of range number nineteen (19) East, containg seventy-eight and thirty-one one-hundredth (78 31-100) acres more or less according to Government Survey. Also lot number one (1) of section eighteen (18) in township number twenty-one (21) north of range number nineteen (19) East, containing twenty-two and fifty-one one-hundredths (22 51-100) acres more or less according to Government Survey, all lying and being in Outagamie County, Wisconsin.

Dated this 9th day of December A. D 1924.

OTTO H. ZUEHLKE,
Sheriff of Outagamie County, Wis.
ALBERT H. KRUGMEIER,
Attorney for Plaintiff,
Dec. 9-16-23-30, Jan. 6- 13.
